Application 09-09-022

**ADMINISTRATIVE LAW JUDGE'S RULING GRANTING  
MOTIONS TO SUPPLEMENT THE RECORD**

Decision (D.)18-08-026, Ordering Paragraph 4, required Southern California Edison Company (SCE) to perform supplemental analysis related to the proposed Alberhill System Project. On May 11, 2020, SCE filed a motion to supplement the record. SCE amended the motion to supplement the record on February 1, 2021, and June 22, 2021. The material in these motions was reviewed and analyzed by the parties and part of the independent review performed by the Commission's Energy Division. The motions themselves, however, were never ruled upon and the attached material was never moved into the record.

For completeness, this ruling grants the original motion and the amendments:

- SCE Motion to Supplement the Record in Compliance with Email Ruling Directing Amendment or Showing Cause, May 11, 2020;
- SCE Amended Motion to Supplement the Report in Compliance with Email Ruling Directing Amendment or Showing Cause, February 1, 2021; and

- SCE Second Amended Motion to Supplement the Record in Compliance with Email Ruling Directing Amendment or Showing Cause, June 22, 2021.

**IT IS SO RULED**

Dated January 27, 2026, at San Francisco, California.
