Subject: A.24-05-014; E-mail Ruling directing the marking of an exhibit and admitting the same document into evidence

To the Parties and Service List:

On February 25, 2026, I received an e-mail from counsel for the Applicant, with copies to all parties and the service list, inquiring about the appropriate identification and marking of a document which had been redacted previously with my concurrence and included in what is now marked as LSP - 01.

As noted, the unredacted version of the document has already been approved for filing under seal. Its unredacted version should now be marked as LSP - 01C and added to the package of the Applicant's exhibits that were previously marked and identified in my e-mail ruling dated February 24, 2026.

Accordingly, it is ordered:

1. The unredacted version of the document setting forth the cost of and providers of certain goods and services to Applicant that was previously permitted to be filed under seal shall be added to the list of exhibits which was the subject of my February 24, 2026, e-mail ruling and it should be identified as LSP - 01C.

2. When complying with this ruling, Applicant shall follow the Commission's rules regarding delivery and use of a document that has already been filed under seal.
3. LSP - 01C is admitted into evidence.

The Docket Office shall formally file this ruling.
