**MOTION OF ROY H. HALIM MACHMUR D/B/A LIBERTY DAY EXPRESS FOR
LEAVE TO FILE CONFIDENTIAL INFORMATION UNDER SEAL [TOGETHER
WITH PROPOSED] ALJ RULING GRANTING THE MOTION FOR LEAVE
TO FILE CONFIDENTIAL INFORMATION UNDER SEAL**

I. INTRODUCTION

Pursuant to Rule 11.1 and 11.4 of the Commission's Rules of Practice and Procedure, Roy H. Halim Machmur d/b/a Liberty Day Express ("Applicant") respectfully requests leave to file under seal **Exhibit F** to the above-entitled Application.

II. RELIEF REQUESTED

On February 26, 2026, Applicant filed a paper application requesting a certificate of public convenience and necessity to establish and operate as a passenger stage corporation to provide on-call passenger service for the transportation of passengers between Orange County and San Diego County. The proposed service will include but not limited to various points on Camp Pendleton to the Outlets at San Clemente and the Oceanside Transit Center.

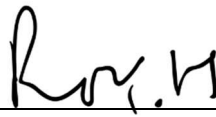

In accordance with Rule 2.3, Applicant's application is required to include financial statement information. The required financial statement information contains confidential information regarding Applicant. An unredacted version of **Exhibit F** has been submitted under seal in the attachment to this motion pending the CPUC's ruling on this request.

Applicant is submitting its request to establish and operate as a passenger stage corporation in a highly competitive environment. Public disclosure of such information would place Applicant in a position of disadvantage to its competitors operating in the service area. In addition, publication of the information in **Exhibit F** would harm the public interest in fair competition, as well as harm the interest of Applicant. On the other hand, no real public interest would be served by enabling free public disclosure of Applicant's financial information. Therefore, Applicant submits that confidential treatment of the identified information is authorized under the public interest balancing test of Government Code § 6255(a).

Pursuant to Section 583 of the Public Utilities Code and General Order No. 66-D, the Commission may order confidential information submitted to the Commission to be sealed and not open to public inspection, and Applicant submits that sufficient good cause exists for the Commission to issue such an order in this instance.

Wherefore, Applicant respectfully requests the Commission grant this motion and issue a protective order as described herein.

Dated in Irvine, California, this 6th day of April 2026.
