**Subject:** R.21-06-017: Email ruling granting the IOUs' Request for Extension to  
submit workshop materials

To the service list of Rulemaking 21-06-017,

This email ruling grants Southern California Edison Company (SCE), Pacific Gas and Electric Company (PG&E), and San Diego Gas and Electric Company (SDG&E) (jointly, the IOUs) request filed on May 4, 2026 to extend the deadline for submitting materials for a May 21, 2026 workshop on the proposed IOU Distributed Energy Resources orchestration framework application process as set forth in the *Email Ruling Granting Request for Extension on Comments and Workshop*, filed April 3, 2026.

The IOUs' request states that "[g]iven the complexity of the topics being considered and the range of opinions shared in the comments and reply comments, the IOUs believe it will benefit the Proceeding to add an extra six (6) days to the deadline for the materials." The IOUs also state in their request that pursuant to Rule 11.6, SCE reached out to parties to this proceeding on April 30, 2026, asking whether they support, oppose, or take no position to this request for extension. The IOUs state that the Public Advocates Office at the California Public Utilities Commission and Environmental Defense Fund support the request while the Interstate Renewable Energy Council, California Community Choice Association, Utility Consumers' Action Network, Universal Devices, and Leap take no position on the request, and no parties opposed the proposed extension.

Accordingly, this ruling extends the deadline for submitting workshop materials from May 8, 2026 to May 14, 2026.

IT IS SO RULED.

The Docket Office shall formally file this ruling.

Best,

Jack Chang  
Administrative Law Judge

**Subject:** [EXTERNAL] R.21-06-017 (High DER) - Request for Extension

**CAUTION:** This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Administrative Law Judge Chang:

Pursuant to CPUC Rule 11.6, Southern California Edison Company (SCE), Pacific Gas and Electric Company (PG&E), and San Diego Gas and Electric Company (SDG&E) (jointly, the IOUs) respectfully request an extension of the below deadline, as set forth in the *Email Ruling Granting Request for Extension on Comments and Workshop* (Ruling), filed April 3, 2026.

**Proposed Extension Date:**

<i>Milestone/Activity</i>	<i>Original Date Set in Ruling</i>	<i>Proposed Extended Date</i>
Workshop Materials	5/8/26	5/14/26

In the *Assigned Commissioner's Ruling on Track 1 and Track 2 Distributed Energy Resources Orchestration* (the ACR), filed Mar. 23, 2026, the original workshop date was set for April 29, with a materials due date one week in advance, on April 22. The Ruling granted the IOUs' initial request to extend the materials due date to May 8, but extended the workshop date well beyond that, to May 21. Given the complexity of the topics being considered and the range of opinions shared in the comments and reply comments, the IOUs believe it will benefit the Proceeding to add an extra six (6) days to the deadline for the materials, which would put it at one week in advance of the workshop. This should not prejudice any party given that, as noted above, materials were originally to be due one week in advance of the workshop (April 22 for an April 29 workshop).

Pursuant to Rule 11.6, SCE reached out to parties to this proceeding on April 30, 2026, asking whether they support, oppose, or take no position to this request for extension. The following parties indicated they are in support of the extension: the Public Advocates Office at the California Public Utilities Commission and Environmental Defense Fund. The following parties indicated they have no

position on the extension: Interstate Renewable Energy Council (IREC), California Community Choice Association (CalCCA), Utility Consumers' Action Network (UCAN), Universal Devices, and Leap. No parties opposed this extension.

The IOUs do not believe this extension would prejudice any party and therefore request that the Commission grant this request. Given the impending deadlines, the IOUs respectfully request that the Commission expedite its review and approval of this extension request.

Regards,  
Legal Administration  
Southern California  
Edison Company
