**BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF CALIFORNIA**

City of Rolling Hills,

Complainant,

vs.

Southern California Gas Company (U904G),

Defendant.

C.24-10-009
(Filed October 11, 2024)

**JOINT STATUS REPORT OF CITY OF ROLLING HILLS AND SOUTHERN
CALIFORNIA GAS COMPANY (U904G)**

Pursuant to the Administrative Law Judge’s Ruling Granting Joint Motion to Stay and Taking Evidentiary Hearing Off Calendar, dated October 6, 2025, the City of Rolling Hills (the City or Rolling Hills) and Southern California Gas Company (SoCalGas) (together, the Parties) respectfully submit this Joint Status Report.

As previously reported, SoCalGas has reconnected gas service to all gas mains and service lines in the affected areas of the City of Rolling Hills. All customers in the area who want gas service can have service restored if their homes are ready for gas service.

The 12 impacted customers located on Quail Ridge Rd. S and Cinchring Rd. have had the option of requesting that SoCalGas restore service to their homes since November 2025. To date, 4 homes located on these streets have had gas service restored.

The 25 impacted customers located on Pinto Rd., Portuguese Rd., Rancho Rd., Running Brand Rd., and Wrangler Rd. have had the option of requesting that SoCalGas restore service to their homes for approximately one month. To date, 1 home located on these streets has had gas service restored, with an additional home recently requesting service restoration.

In an effort to provide information to the affected residents regarding how to request service restoration, SoCalGas has engaged in significant community outreach, including, but not limited to, the following:

- In or around September 2025, an informative Restoration Readiness Flyer was posted

to SoCalGas's PV Peninsula Land Movement website.

- Starting in September 2025, SoCalGas Customer Service began making cold calls to impacted residents.
- On September 23, 2025, SoCalGas Public Affairs went door-to-door on Quail Ridge Rd. S and Cinchring Rd.
- On November 7, 2025, SoCalGas Public Affairs went door-to-door on Pinto Rd., Portuguese Bend Rd., Rancho Rd., Running Brand Rd., and Wrangler Rd.
- On May 19, 2026, SoCalGas Public Affairs went door-to-door to every impacted home that remained without gas service.

During the door-to-door sweep of the community completed on May 19, 2026, SoCalGas confirmed that approximately 9 of the remaining disconnected residents want gas service restored to their homes¹.

SoCalGas will continue to proactively contact impacted residents so that those who want natural gas service in their homes can have service restored as soon as possible. However, it remains SoCalGas's position that this proceeding should be dismissed as this time.

It is the City's position that this proceeding should not be dismissed until gas service is restored to all residents who want to be returned to gas service, which the City contends is a condition precedent to withdrawing its Complaint under the terms of the Joint Stipulation to Stay the Proceeding.

The parties are continuing to work together to efficiently move this proceeding towards resolution.

Respectfully submitted,

BEST BEST & KRIEGER LLP
