Subject: R.24-01-018: Ruling Extending Comment Deadline and Authorizing Further Comment on June 18, 2026 Workshop

To the Service List for Rulemaking R.24-01-018 (Energization):

This ruling (1) extends the deadline to submit opening comments and reply comments on the Guidehouse report to July 9, 2026 and July 23, 2026 respectively and (2) authorizes but does not obligate parties to file comments in response to the Energization workshop that the Commission's Energy Division will host on June 18, 2026. Opening comments are due by Thursday, July 9, 2026, and reply comments are due by Thursday, July 23, 2026. Parties that submit comments on both the Guidehouse report and the Energization workshop shall consolidate their comments into a single document.

The June 18, 2026 workshop will focus on the Investor-Owned Utilities' (IOUs') reports submitted in March, 2026, and the methodology the IOUs used to analyze their submissions, while the report produced by Guidehouse and circulated by the Commission's Energy Division is an evaluation of the data the IOUs submitted through September 2025.

Parties are invited to respond to the following questions:

- Do the utilities' energization reports meet the requirements set by D.24-09-020 and D.26-02-025? If not, what do the IOUs need to change or add to the reports to meet those requirements? By what date should the IOUs implement any necessary process changes or Information Technology changes to provide the complete and accurate information the Commission needs to evaluate their performance?
- Should the Commission adopt data sufficiency metrics and/or data analysis framework and methodology akin to the Data Sufficiency Thresholds that Guidehouse proposed in their October 2025 report? Both topics will be explored in more depth at the upcoming workshop.
- Are there any other issues germane to the June 18, 2026 Workshop or the Guidehouse report that the Commission should address?

IT IS SO RULED.

The Docket Office shall formally file this ruling.

Andrew Dugowson
