**Subject:** A.25-05-009 E-mail Ruling Granting Request of the Utility Reform  
Network for an Extension for Opening and Reply Briefs

Parties to proceeding A.25-05-009:

On June 17, 2026, The Utility Reform Network (TURN) requested an extension for filing opening and reply briefs of six days due to an Information Technology incident that severely impacted its ability to meet this deadline.

In response to TURN's request, 13 parties either stipulated to, supported, did not oppose, or took no position regarding the proposed extension. According to TURN, only the Coalition of Large Energy Users (CLEU) opposes TURN's request because:

1. CLEU has reserved consultant time to review the opening briefs under the current schedule;
2. Those consultants will not be able to review the opening briefs if they are received after the current deadline; and
3. CLEU does not have additional resources to dedicate to this.

Under the circumstances, including the possibility of granting additional time considered during the hearing, good cause is found for TURN's request. Opening briefs are due July 2, 2026, and reply briefs on July 23, 2026.

IT IS SO RULED

The Docket Office shall formally file this ruling.
