Application of Velocity IG Operations, LLC for a Certificate of Public Convenience and Necessity Pursuant to Public Utilities Code Section 1001.

Application 26-03-002

ASSIGNED COMMISSIONER'S SCOPING MEMO AND RULING

This Scoping Memo and Ruling (Scoping Memo) sets forth the issues, need for hearing, schedule, category, and other matters necessary to scope this proceeding pursuant to Public Utilities Code (Pub. Util. Code) Section 1701.1 and Article 7 of the California Public Utilities Commission's (Commission) Rules of Practice and Procedure (Rules).

1. Procedural Background

On March 9, 2026, Velocity IG Operations, LLC (Velocity) filed an application for a Certificate of Public Convenience and Necessity (CPCN) to provide (i) full facilities-based and resold competitive local exchange service and (ii) interexchange carrier service throughout the state of California.¹

A prehearing conference (PHC) was held on June 4, 2026, to address the issues of law and fact, determine the need for hearing, set the schedule for resolving the matter, and address other matters as necessary. As part of the PHC, the Administrative Law Judge (ALJ) and her proceedings analyst sought

clarification on certain aspects of the application.² Velocity provided the requested information on June 18, 2026.

I have determined the issues and initial schedule of the proceeding to be set forth in this scoping memo.

2. Issues

The issues to be determined or otherwise considered are:

1. Whether Velocity meets all of the Commission requirements, including but not limited to financial, technical, and California Environmental Quality Act (CEQA) requirements for a CPCN.
2. Whether Velocity should be authorized to use the Commission Energy Division's 21-day expedited environmental review process for its full facilities-based construction activities under statutory or categorical exemptions to CEQA.
3. Impacts on environmental and social justice communities, including the extent to which Velocity's operation as a telephone corporation in California impacts achievement of any of the nine goals of the Commission's Environmental and Social Justice Action Plan.

3. Need for Evidentiary Hearing

There are no issues of material disputed fact. Accordingly, no evidentiary hearing is needed.

4. Schedule

This matter will be submitted upon review of Velocity's responses to rulings requesting additional information and a determination that no further information or evidence is needed to evaluate the issues in this proceeding.

² See June 4, 2026 PHC Transcript at 8, ln 13 to 11, ln 7.

The proposed decision is expected to be filed no later than 90 days from the date the proceeding is submitted, for public review and comment pursuant to Pub. Util. Code Section 311(d) except that, if it grants the uncontested requested relief, public review and comment shall be waived pursuant to Rule 14.6(c)(2). The assigned ALJ or Commissioner may revise the schedule as needed. Based on this schedule, the proceeding will be resolved within 18 months as required by Pub. Util. Code Section 1701.5.

**5. Category of Proceeding and
Ex Parte Restrictions**

This ruling confirms the Commission's preliminary determination that this is a ratesetting proceeding.³ Accordingly, *ex parte* communications are restricted and must be reported pursuant to Article 8 of the Rules.

6. Public Outreach

Pursuant to Pub. Util. Code Section 1711(a), where feasible and appropriate, before determining the scope of the proceeding, the Commission sought the participation of those likely to be affected, including those likely to derive benefit from, and those potentially subject to, a decision in this proceeding. This matter was noticed on the Commission's daily calendar. Where feasible and appropriate, this matter was incorporated into engagements conducted by the Commission's External Affairs Division with local governments and other interested parties.
