Subject: A.25-05-009 E-mail Ruling Granting PG&E's Motion for Order Shortening Time

Parties to proceeding A.25-05-009:

On July 2, 2026, Cal Advocates filed and served its opening brief in Application (A.) 25-05-009 (2027 GRC). On July 8, 2026, Cal Advocates served an amended opening brief to provide 35 pages additional pages on the following sections:

- a. 4.1- Electric Distribution Policy & Introduction;
- b. 4.21 - Electric Distribution and Wildfire Mitigation Information Technology; and
- c. 4.22 - Grid Modernization and Grid Technology.

In its e-mail serving the Amended Opening Brief, Cal Advocates states that it served the amended opening brief because its original opening brief was inadvertently missing the above information that Cal Advocates had written at the time it served its original brief on July 2, 2026. In addition, Cal Advocates states that it regrets the inconvenience caused by its inadvertent omission, would not oppose a request by any party for additional time to address the content of these 3 sections, and that its amended opening brief was served in accordance with Rule 1.12.

On July 9, 2026, PG&E served a motion to strike Cal Advocates' amended, late-served opening brief and a motion for an order shortening time to respond to PG&E's motion by July 10, 2026.

Good cause appearing, PG&E's motion for an order shortening time is granted. Parties shall respond to PG&E's motion by July 10, 2026. In addition, Cal Advocates shall serve and file a motion for an extension of time in accordance with Rule 11.6 within 5 business days, July 16, 2026. Responses by parties to Cal Advocates' motion shall be filed within five business days or by July 23, 2026.

It is so ruled.

The Commission's Docket Office shall formally file this ruling.
