Subject: [EXTERNAL] Request for Extension on R. 18-04-019 July 10, 2026
Assigned Commissioner Ruling

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear ALJ Pratt and ALJ Lakey,

Pursuant to CPUC Rule 11.6, Southern California Edison (SCE) respectfully requests a two-week extension for the deadline to file opening comments and replies to the July 10, 2026 Assigned Commissioner's Ruling Entering Staff Proposal and Working Group Report into the Record and Requesting Comment (Ruling). We request that the due date for opening comments be moved from July 30, 2026 to August 14, 2026, with the reply date being moved from August 10, 2026 to August 24, 2026. As the Staff Proposal on Community Engagement and Adaptive Capacity raises many complex questions, with potential to have significant, wide ranging impacts on a large number of filings addressing matters throughout the business, the extension we are seeking is intended to allow parties to prepare thorough and well-considered comments, given the breadth and complexity of the questions and issues raised in the Ruling. We believe the modest 2-week extension we are requesting will not result in undue delay in the overall procedural schedule.

Before making this request, SCE asked the parties of R.18-04-019 for their feedback regarding this extension to be reported to the Commission. The following parties indicated support for the request: San Diego Gas & Electric, Pacific Gas & Electric Company, and Southern California Gas Company. No party expressed opposition to a request for an extension.

Thank you for your consideration of our request.
Respectfully submitted,
Pauline Nguyen
