R.25-06-019 IRP/BPP Rulemaking

Dear Judge Rizzo,

Pursuant to Rule 11.6 of the Rules of Practice and Procedure of the California Public Utilities Commission (Commission), San Diego Gas and Electric Company (SDG&E), Southern California Edison Company (SCE) and Pacific Gas and Electric Company (PG&E) (together, the Joint IOUs) respectfully request modification of certain deadlines adopted in the *Administrative Law Judge's Ruling Requesting Comment on the Investor-Owned Utilities' Bundled Procurement Plans, Proceeding Schedule, and Notice Of Workshop*, dated August 17, 2026 (ALJ Ruling). The ALJ Ruling sets deadlines for parties to file opening and reply comments on the Joint IOU proposals for updates to their AB 57 Bundled Procurement Plans (BPPs). This motion requests two changes to the Schedule of Activities included in the ALJ Ruling: (i) that the deadline for opening party comments on the IOU BPPs be shortened by 11 days to **Monday, November 2, 2026**; and (ii) that the deadline for reply comments be extended by 11 days to **Friday, December 11, 2026**.

Good cause exists for the requested modifications to the schedule given the comparatively short time between opening and reply comments under the current schedule, the intervening Thanksgiving holiday, and the likelihood that the Joint IOUs will need to respond to extensive opening comments from other parties.

The IOUs filed their proposed updates to their BPPs on June 1, 2026. Under the current schedule, other parties will have had over five months from the date the proposed BPP updates were filed, and nearly three months from the date of the ALJ Ruling, to develop opening comments on the IOU BPPs. By contrast, the current schedule allows only 17 calendar days (9 business days) between opening and reply comments. The ALJ Ruling seeks party comment on a wide array of IOU-specific and Joint-IOU topics and the IOUs anticipate the need to reply thoroughly to comments from numerous parties. The IOUs would have only nine business days to digest potentially extensive opening comments, coordinate internally and externally as needed, draft substantive replies, and finalize them through internal review processes. The breadth of technical questions (for example, on REC volume limits, ratable-rate formulas, RA terms, congestion revenue rights, and additional potential substantive proposals from parties) will require substantial cross-functional input that nine business days

cannot reasonably accommodate. Moreover, under the current schedule reply comments fall on the Monday immediately following the Thanksgiving holiday week, which will likely present challenges related to personnel availability during the critical stages of finalizing the reply comments.

The proposed schedule changes will not materially prejudice any party. The 11-day proposed adjustment to the opening comment deadline is modest given the overall length of time parties have to develop opening comments, and the proposed 11-day extension for reply comments gives all parties a workable 39-day reply window. The approximate timing for a PD in the first quarter of 2027 would be unaffected.

As required under Rule 11.6, the Joint Utilities surveyed the parties to this proceeding to seek potential support for the proposed modifications of the procedure schedule. As of the date of this motion, the Joint IOUs received responses from five parties. The Public Advocates Office, Western Power Trading Forum (WPTF), and GreenGen Storage stated that they do not oppose the requested schedule modification. Small Business Utility Advocates (SBUA) stated that it takes no position on the request. Dr. L. Jan Reid opposed the requested extension. No other responding parties expressed opposition to the proposed schedule modification.

Accordingly, the Joint IOUs respectfully request a modification to the Schedule of Activities in the ALJ Ruling as follows:

Event	Original Date	Proposed Date
Energy Division Staff Workshop: Bundled Procurement Plans	Mid-September	No change
Opening Comments in Response to ALJ Ruling and Workshop	November 13, 2026	November 2, 2026
Reply Comments in Response to ALJ Ruling and Workshop	November 30, 2026	December 11, 2026
Proposed Decision	90-Days from Submission of Record	No change

Respectfully submitted,

Dan Culhane
