Subject: [EXTERNAL] A.26-03-009 et al.: Rule 11.6 Extension of Time to Comply with 9/2/26 ALJ Ruling

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Greetings Administrative Law Judges Fitch and Kao,

Pursuant to CPUC Rule 11.6 Motion for Extension of Time, Inland Regional Energy Network (I-REN) respectfully requests an extension of time to comply with the recent 9/2/26 ALJ Ruling *Directing Submission of Corrections and Supplemental Information from all Business Plan Applicants* (Ruling).

I-REN requests that the deadlines of 9/18/26 and 9/25/26 be combined and extended to 9/30/26 for all submittals directed in the Ruling.

- This extension is necessary due to the overlapping timing of PAs' 2026 Q1-Q2 quarterly claims submittals due 9/15/26, and the quality control needed for completing the items directed in the Ruling.
- To resubmit the cost-effectiveness inputs in the CEDARS database, sufficient time is needed for repopulating and conducting quality control of the Budget Filing

Appendices workbook that must be attached in CEDARS as part of the Budget & Application Filing workflow. Specifically, the workbook is a required upload, prior to "Submitting."

- If granted, the requested extension would allow additional time for quality control and would streamline the two deadlines into one.
- At this time, I-REN does not see a need for changes to future milestone dates in this proceeding that were shared in the *Assigned Commissioner's Scoping Memo and Ruling*, e.g., Opening Testimony.

Pursuant to CPUC Rule 11.6 Motion for Extension of Time, on 9/4/26, I-REN made a good-faith effort to ask Parties their position regarding this extension request. I-REN also coordinated with PG&E to resolve an overlapping extension request. Parties' positions regarding the requested 9/30/26 extension are summarized below.

- Parties opposing the extension: No parties opposed.
- Parties supporting/ not opposing: Northern California Rural Regional Energy Network; Southern California Regional Energy Network; Central California Rural Regional Energy Network; San Diego Regional Energy Network; Tri-County Regional Energy Network; WestLight Energy; Pacific Gas & Electric Company; Southern California Edison Company; San Diego Gas & Electric Company; Marin Clean Energy (MCE supports moving the amended and supplemental testimony to 9/30. MCE does not oppose moving the CEDARS submission to 9/30.); California Choice Energy Authority (CalChoice does not object); Bay Area Regional Energy Network (BayREN does not oppose.).
- Parties that took no position: the Utility Reform Network.

Best Regards,
