Subject: [EXTERNAL] Extension Request: PG&E 2023 GRC Phase II (A.24-09-014)

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Your Honor:

PG&E respectfully requests a one-week extension of the deadline to file its Fifth Settlement Status Update in its 2023 GRC Phase II Application, A.24-09-014, to next Friday, October 9, 2026.

Your Honor's June 17, 2026, ruling directed PG&E to file settlement status reports on July 10, August 7, September 4, and October 2, 2026. PG&E has timely filed the preceding status reports.

PG&E now requests an extension because parties are finalizing a settlement agreement that will resolve most marginal cost and revenue allocation issues. This settlement will address over half of the testimony chapters in this proceeding. In addition, other settlement subgroups remain active.

Given the strong public policy in favor of settlement and in recognition of the considerable effort needed to finalize such agreements, PG&E believes ratepayers, parties, and the Commission would benefit from a modest extension to permit greater focus on current settlement activities.

Accordingly, PG&E respectfully asks Your Honor to extend the deadline to file the Fifth Settlement Status Update from this Friday, October 2, to **next Friday, October 9, 2026.**

Respectfully submitted,
Christopher G. Parker
