**Subject:** SCE AMI 2.0 | Ruling Requiring Second Supplemental Testimony |  
A.26-03-030

To the Service List for Application 26-03-030:

This ruling requires Southern California Edison Company (SCE) to address the questions in Attachment A by October 30, 2026 as its second supplemental testimony.

In the August 19, 2026 Assigned Commissioner's Scoping Memo and Ruling, the Commission required SCE to address questions regarding: 1) the four system configurations that SCE evaluated for its Advanced Metering Infrastructure

(AMI) 2.0, and 2) how SCE determined that the “Value Upgrade” option was the preferred option. SCE served its response as supplemental testimony on September 11, 2026, and preliminarily identified this response as Exhibit SCE-08.

Upon review of the supplemental testimony, we have additional questions for SCE, which are provided as Attachment A to this ruling. SCE is directed to respond to the questions in Attachment A by October 30, 2026.

IT IS SO RULED.

The Docket Office shall formally file this ruling.
