Subject: A26-05-009 Email Ruling Granting Motions to File Briefs Under Seal

To all Parties in A.26-05-009,

This email ruling grants two motions filed by San Diego Community Power (SDCP) and Clean Energy Alliance (CEA) on October 2, 2026 and October 14, 2026, for leave to file their Joint Opening Brief and Joint Reply Brief under seal. This email ruling also grants the motion filed by San Diego Gas and Electric Company (SDG&E) on October 14, 2026, to seal its Reply Brief

SDCP and CEA state that their briefs contain information from testimony and discovery responses provided by SDG&E that were designated by SDG&E as confidential. The confidentiality declarations attached to the testimony and discovery responses state the material SDG&E is seeking to protect constitutes confidential market sensitive data and information within the scope of Public Utilities Code Section 454.5(g) or is confidential pursuant to D.06-06-066. Similarly, SDG&E's Reply Brief is said to contain similar information as what appears in the briefs of SDCP and CEA

We reviewed the motions and find that the abovementioned Opening and two Reply Briefs contain market-sensitive and other data and information that have already been granted confidential treatment in a prior ruling.

We therefore find it reasonable to grant the motion by SDG&E and the two motions filed by SDCP and CEA to file briefs under seal.

It is so Ruled.

The Docket Office shall formally file this ruling.
