Subject: ALJ Ruling re publication - A.26-06-014/015 (SDGE/SoCalGas TY 2028 GRC) – Request for Clarification re PPH Notice Ruling on behalf of Roger A. Cerda

ALJ Ruling regarding *Application of Southern California Gas Company (U904G) for Authority, Among Other Things, to Update its Gas Revenue Requirement and Base Rates Effective on January 1, 202* and *Application of San Diego Gas & Electric Company (U902M) for Authority, Among Other Things, to Update its Electric and Gas Revenue Requirement and Base Rates Effective on January 1, 2028*, Applications (A.) 26-06-014 and A.26-06-015 (collectively, *Sempra*):

In response to the request below dated October 16, 2026 from counsel for San Diego Gas and Electric Company (SDG&E) regarding publication of notices of the Public Participation Hearings (PPHs) pursuant to the terms of the [August 28, 2026 PPH Ruling](#), the PPH Ruling provides for publication in "at least one newspaper in each geographic region in [the] service territory [of the utility]." This is the same language as that used in the immediately preceding General Rate Case (GRC) of the same utilities, A.22-05-015/016 *Sempra* may use the process it used in the prior GRC or the process set forth below, whichever is more rigorous.

SDG&E serves San Diego and Orange Counties, so it shall publish notice for at least 7 days in newspapers serving those counties. The Los Angeles Times and San Diego Union Tribune are acceptable publications if they circulate in SDG&E's served counties.

Southern California Gas Company (SoCalGas) serves many counties, and publication in newspapers in each county for 7 days is appropriate. The Los Angeles Times and San Diego Union Tribune are appropriate publications if they circulate in SoCalGas' served counties.

Finally, the ruling also requires publication in language where a geographic region has a notable number of non-English speaking customers. Both SDG&E and SoCalGas serve regions with a notable number of such customers, so they shall comply with the PPH ruling requirement for such customers:

In a geographic region with a notable number of non-English speaking customers, post notice of the public participation hearing in a regional newspaper in those languages and secure radio advertising broadcasted in non-English languages.

IT IS SO RULED.

Docket office shall file this ruling.

Subject: [EXTERNAL] A.26-06-014/015 (SDGE/SoCalGas TY 2028 GRC) – Request for Clarification re PPH Notice Ruling on behalf of Roger A. Cerda

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

ALJ Thomas and ALJ Fox:

San Diego Gas & Electric Company (SDG&E) and Southern California Gas Company (SoCalGas) respectfully seek clarification regarding Ordering Paragraph 3 of Your Honors' August 28, 2026 Ruling Noticing Public Participation Hearings.

Ordering Paragraph 3 states: "In each service area where a public participation hearing (PPH) will be held Southern California Gas Company and San Diego Gas & Electric Company shall

each publish a notice of the PPHs in one or more local newspapers of general circulation for seven consecutive days prior to, and including, the date of the PPH.” (underline added)

We understand Ordering Paragraph 3 as requiring SoCalGas and SDG&E to publish notice for 7 days in the newspaper serving the area where the in-person PPHs are scheduled (i.e., El Monte for SoCalGas and Santee for SDG&E). This would result in SoCalGas noticing for 7 days in the LA Times and SDG&E noticing for 7 days in the San Diego Union Tribune. Please let us know if our understanding of your Ruling is correct.

We are seeking clarification because SoCalGas and SDG&E have multiple newspapers of general circulation that serve areas beyond the area where the in-person PPHs are scheduled. Noticing multiple newspapers for 7 days in areas beyond the location of the PPHs would result in a significant increase in costs compared to what the utilities typically incur when providing newspaper notice. For example, for SoCalGas, based on previous noticing efforts in the GRC, typical newspaper noticing costs for 12 service area newspapers for a 1-day period total about \$34k. Newspaper noticing costs for those same 12 newspapers for a 7-day period would total approximately \$235k, a seven-fold increase. Conversely, if our understanding of Ordering Paragraph 3 is correct, noticing only in the LA Times for 7 days is estimated to be around \$66k. To be clear, this newspaper noticing is in addition to all the other methods of noticing set forth in the PPH Ruling.

We sought confirmation of our understanding from the Public Advisors Office (PAO), who in turn recommended we seek clarification from Your Honors. We are hoping to get confirmation by Wednesday, October 21 to ensure timely publication. Thank you for your attention to this matter.
