Application of Pacific Gas and Electric Company to Recover in Customer Rates the Costs to Support Extended Operation of Diablo Canyon Power Plant from January 1 through December 31, 2027, and for Approval of Planned Expenditure of 2027 Volumetric Performance Fees. (U39E)

Application 26-03-031

**ADMINISTRATIVE LAW JUDGE'S RULING GRANTING JOINT MOTION
TO ENTER EXHIBITS INTO EVIDENCE AND ADMIT INTO RECORD**

On October 21, 2026, Pacific Gas and Electric Company (PG&E) filed a Joint Motion on behalf of PG&E, the Public Advocates Office of the California Public Utilities Commission (Cal Advocates), The Utility Reform Network (TURN), Californians for Renewable Energy Inc. (CARE), Alliance for Nuclear Responsibility (A4NR), San Diego Gas & Electric Company, Californians for Green Nuclear Power (CGNP), Women's Energy Matters (WEM), and Southern California Edison, referred to as the Joint Parties, to Enter Public Exhibits into Evidence and Admit into the Record of Application (A.) 26-03-031. The Joint Motion stated that the Joint Parties met and conferred on August 20, 2026 and requested that the exhibits provided in the Exhibit List attached to the motion be identified as marked in the Exhibit Log and admitted without a hearing. An ALJ email ruling issued on October 21, 2026 shortened the time period for parties to respond to the Joint Motion to Enter Public Exhibits into Evidence and Admit

into the Record and required parties wishing to respond to the Joint Motion to submit their response by October 26, 2026. No responses were filed in response to the motion by October 26, 2026. In light of the agreement of parties to A.26-03-031 to identify and admit exhibits in the Exhibit List, the Joint Motion is granted. The following exhibits are admitted into the evidentiary record of this proceeding.
