Subject: Formal Appeal and Request for Waiver or Reduction of Penalties for Missed 2026 Annual Compliance Filings

Dear California Public Utilities Commission Representative:

On behalf of **MJM TELECOM CORP** I respectfully submit this appeal and request for reconsideration of any proposed fines or penalties associated with the company's failure to submit the following required annual compliance documents:

1. **Annual Operational and Financial Information Report** — due March 31, 2026.
2. **Annual Affiliate Transaction Report** — due May 1, 2026.
3. **Annual Performance Bond Requirement** — due March 31, 2026.

I sincerely apologize for missing these filing deadlines and respectfully ask the Commission to consider the circumstances that led to these unintentional oversights.

The missed deadlines occurred during a period when I was out of work due to illness. My absence disrupted my ability to attend to the company's regular administrative responsibilities, including the preparation and submission of the required annual compliance documents. Unfortunately, the filing deadlines passed while I was away, and I was unable to address these obligations at the required times.

I have only recently returned to work and am now reviewing the company's outstanding regulatory responsibilities and taking steps to resolve these matters as promptly as possible. These missed deadlines were not intentional, nor were they an attempt to disregard the Commission's rules or reporting requirements. Rather, they resulted from an unforeseen personal health circumstance that affected my ability to perform my regular duties.

I understand the importance of meeting the Commission's reporting deadlines and take these obligations seriously. I regret that the filings were not submitted on time and recognize the importance of ensuring that the company remains in good standing with the Commission.

In light of these circumstances, I respectfully request that the Commission consider the following:

- **Mitigating circumstances:** My absence due to illness significantly affected my ability to manage the required filings during the applicable reporting periods.
- **Good-faith compliance:** The company has no intention of avoiding its regulatory responsibilities and is committed to satisfying all applicable requirements.
- **Prompt corrective action:** Since returning to work, I have begun reviewing the outstanding compliance matters and will work to ensure that all missing documentation is submitted as quickly as possible.
- **Prevention of future occurrences:** I will implement improved calendar reminders, compliance tracking, and advance preparation procedures to help ensure that future deadlines are met, including arrangements for coverage of essential filing responsibilities during any extended absence.

Given that the missed deadlines resulted from circumstances beyond my immediate control, I respectfully ask the Commission to exercise its discretion and grant a waiver of any proposed fines or penalties. If a full waiver cannot be granted, I ask that the Commission consider a substantial reduction of any penalty in recognition of the circumstances, my recent return to work, and my commitment to correcting the deficiencies.

I value the Commission's oversight and understand my responsibility to ensure that all required filings are completed accurately and on time. I sincerely regret this oversight and appreciate the Commission's consideration of this appeal.

Thank you for your time and understanding. I respectfully request a favorable review of this matter and the opportunity to bring the company's outstanding compliance obligations into good standing without the imposition of an excessive financial penalty.

Sincerely,

Martin A Moreno
President
