ATTACHMENT A – CONTINUATION OF COMPLAINT
Friends & Family (FF Building) v. Pacific Gas and Electric Company (U39E)

Details of the Complaint

1. Complainant Friends & Family (FF Building) owns the property at 205 Oakhurst Court, Merced, CA 95340 (PG&E Account No. 1842722816-0), purchased in 2025. Before purchase (calls on 07/21/2025, 08/06/2025 and 08/22/2025) complainant contacted PG&E Revenue Assurance to confirm the status of electric service. (Attachment 31; phone records, Attachments 12, 17–23, 25–26.)
2. On 11/06/2025 the City of Merced inspected and green-tagged the panel. On 11/10/2025 the PG&E technician declined to energize it. PG&E manager Frank Casillas stated that PG&E technicians had previously destroyed the service before complainant's purchase. (Attachments 30–31.)
3. On 01/12/2026 PG&E issued an Agreement to Perform Tariff Schedule Related Work, Notification No. 132030349, Contract No. 50137687 V1, ERR-PM No. 35704063 ("Customer reinstating service"), total $8,713.25, labeled "Elec Reloc & Rearrangement Non-Refundable Payment." Complainant paid on 02/04/2026 (Confirmation No. 0359V01885551). PG&E completed the installation on 05/12/2026. (Attachments 1–7.)
4. Under PG&E Electric Rule 16, Section A4, service facilities are owned, operated and maintained by PG&E; under Section F5, PG&E is responsible for repair or replacement of its damaged facilities unless the applicant caused the damage. Complainant did not damage the facilities. The charge was improperly collected.
5. Complainant pursued informal resolution with the Consumer Affairs Branch (File No. 716841); CAB's April 1, 2026 appeal letter referred complainant to the formal complaint process (Attachment 32). PG&E Claim No. A26568056 remains unresolved (Attachments 28–31).
6. Complainant seeks only relief the Commission can grant: refund/reparation of $8,713.25 plus interest, and correction of records. Consequential damages are not requested here. See Exhibit A.

Scoping Memo (2) – Hearings

Are hearings needed? **YES**. Facts in dispute: PG&E states complainant was told it would bear the cost; complainant disputes that PG&E-owned facilities could be charged to it and disputes who damaged them.

Issues to be Considered

1. Whether, under Electric Rule 16 (Sections A4 and F5), PG&E could charge complainant under Contract No. 50137687 V1 to reconstruct PG&E-owned facilities at 205 Oakhurst Court, Merced, damaged before complainant owned the property.
2. Whether PG&E should refund $8,713.25 plus interest to complainant.
3. Whether PG&E should correct its contract, project and account records.

Relief Requested

1. Requiring PG&E to refund (make reparation of) $8,713.25 plus interest from 02/04/2026, paid under Contract No. 50137687 V1 (Confirmation No. 0359V01885551), as itemized in Exhibit A, interest at the rate the Commission deems appropriate.
2. Requiring PG&E to correct its records for 205 Oakhurst Court (Account No. 1842722816-0).

3. Prohibiting adverse action (including disconnection or collections) on the disputed charges while this complaint is pending.
4. Other relief within the Commission's jurisdiction as it deems just.

Service

Complainant does not opt out of electronic service and accepts electronic service of the answer, other filings and Commission notices at robert@ffbuilding.com. Complainant will serve the Defendant by paper (U.S. mail) at: Pacific Gas and Electric Company (U39E), Attn: Cliff Gleicher, Managing Counsel, 300 Lakeside Drive, Oakland CA 94612. See Proof of Service.

Robert,

I've been asked to reach out regarding your concern about reinstating electric service at 205 Oakhurst Ct, Merced. Based on our review, the service was de-energized prior to your purchase of the property, meaning it was acquired "at risk."

Our Revenue Assurance team confirmed that they informed you there would be no billing for prior usage; however, they did not indicate that service would automatically be re-established. To restore service, it must be reconnected under **Rule 16** (see www.pge.com/tariffs), and you will be responsible for the associated charges. I've attached the language of the tariff to this email.

Please let us know if you have any questions or need assistance with next steps.

Thank you,

Good morning Jennifer,

Thank you for taking the time to reach out to me.

You are correct that the service was deenergized before my purchase. I reached out to PGE before closing on the property to ensure that any costs to reenergize the property would be known. I was informed by the Revenue Assurance Department, multiple times by different individuals, that "costs follow the previous owner" and that I would not be held liable for restoring power to the property.

I was not informed that the property was "At risk", I was not informed about "Rule 16", and I was not informed that I would be responsible for costs associated with returning power to the property. Again, I confirmed this multiple times to ensure my costs were allocated before acquiring the subject property. Had I been made aware of this, I would have negotiated with the seller accordingly.

In the meantime, I've reached out to my Assemblymember, Juan Alanis, to help. This situation is, to state the obvious, unfair.

Additionally, this rule or "tariff" lacks any intellectual foresight. PGE needs to remove this rule and replace it with one that actually holds the previous homeowner liable for the damages created (as previously stated by your Revenue Assurance Department). PGE could have easily recouped thousands of dollars in damages, made a moderate profit, AND had a happy new client, and this entire issue would never have existed by issuing the simplest of liens.

Thank you,

Robert,

I understand your concern and would be happy to look into it further. Please provide the names of the individuals from PG&E that provided you that information.

Our tariffs are approved by the CPUC so any changes would need to go through that agency.

I will await your reply with the names of those that you spoke to.

Thank you for your help.

Jennifer,

Your organization would probably have a better idea than I would about the other individuals that I spoke to. I do show an email that I sent to a woman named Carrie on August 22nd regarding getting the power turned on. I also have a voicemail from Melissa on the 22nd as well. I know that I spoke to at least one other individual who's name is escaping me.

I hope that helps.

Understood on the CPUC. It's unfortunate that it's not as well thought out as it could have been.

Robert,

I've confirmed with our Revenue Assurance team that the billing portion will not be passed on to you as the new homeowner. They also noted that you inquired about service reconnection and advised that they were unsure, as a new business application would need to be submitted.

Additionally, we verified with our Tariff Department that this situation falls under **Rule 16** (www.pge.com/tariffs) as a new service request. This means the service would be at your expense, though you may be eligible for allowances or credits.

Please let us know if you'd like to proceed, and Milton will assist in getting the project started.

Thank you,

Jennifer Betancourt

Good morning Jennifer,

Thank you for taking the time to reach out to me.

You are correct that the service was deenergized before my purchase. I reached out to PGE before closing on the property to ensure that any costs to reenergize the property would be known. I was informed by the Revenue Assurance Department, multiple times by different individuals, that "costs follow the previous owner" and that I would not be held liable for restoring power to the property.

I was not informed that the property was "At risk", I was not informed about "Rule 16", and I was not informed that I would be responsible for costs associated with returning power to the property. Again, I confirmed this multiple times to ensure my costs were allocated before acquiring the subject property. Had I been made aware of this, I would have negotiated with the seller accordingly.

In the meantime, I've reached out to my Assemblymember, Juan Alanis, to help. This situation is, to state the obvious, unfair.

Additionally, this rule or "tariff" lacks any intellectual foresight. PGE needs to remove this rule and replace it with one that actually holds the previous homeowner liable for the damages created (as previously stated by your Revenue Assurance Department). PGE could have easily recouped thousands of dollars in damages, made a moderate profit, AND had a happy new client, and this entire issue would never have existed by issuing the simplest of liens.

Thank you,

Our Revenue Assurance team confirmed that they informed you there would be no billing for prior usage; however, they did not indicate that service would automatically be re-established. To restore service, it must be reconnected under **Rule 16** (see www.pge.com/tariffs), and you will be responsible for the associated charges. I've attached the language of the tariff to this email.

Please let us know if you have any questions or need assistance with next steps.

Jennifer,

I was told there would be no costs to me, that all costs follow the previous owner. There's was no delineation made between billing or construction by Revenue Assurance.

This is not a new service. This is an existing service that was dismantled by PGE.

Yes this needs to proceed. This project is already started, is it not?

I have been more than willing to get this started and help with expenses. I will pay to get this service started, but PGE will be reimbursing the entirety of expenses if it's the last thing I do. This is unprofessional and borderline criminal as an organization.

I request all recordings and transcripts from my phone calls with your company immediately.

I will pay whatever engineering costs, I will not be paying your advance. This is absurd.

Robert,

I understand your concerns and appreciate your perspective. However, it's important that we treat all new business customers fairly and adhere to company policy. Our policy requires an engineering deposit to be paid before engineering work can begin. This deposit will be applied toward your contract once the design is complete.

Additionally, we are required to comply with the CPUC's Order Instituting Rulemaking, which governs this process. Without the deposit, we cannot move the project forward to the design phase, and it would ultimately need to be canceled to remain in compliance.

For the information you requested, we recommend reaching out to our legal department, as we are unable to provide those details directly.

Thank you for your understanding.

Robert,

I apologize that the deposit was waived in error. After further checking with our Revenue Assurance department and Tariffs on this specific scenario, we are following company policy by requiring an Engineering Deposit. Again, the amount you pay in advance will be deducted from the final contract. If the final contract is less than the amount paid, you would receive a refund.

Corina,

Please find attached the executed contract that your system/staff was unable to locate.

Per our conversation, PGE is holding this project up due to payment (and not being able to locate the executed contract).

Per California Business and Professions Code Section 7159(d)(8) and (9), it is illegal for a contractor (PGE) to collect more than 10% or $1,000, whichever is less, for a downpayment and it is against the law for a contractor to collect payment for work not yet completed.

Vanessa, I left you a voicemail concerning this. Let me know how you would like to proceed.

Good morning Robert,

A contract is not considered fully executed until both signatures and payment are received. In this case, while we received your signed contract, payment has not been received.

Regarding your reference to California Business and Professions Code Section 7159(d)(8) and (9), PG&E is not a contractor, it is a utility company from which you are requesting services from. Unfortunately, without full payment we are unable to proceed with scheduling your project.

Laura,

PGE is not a contractor, but is performing construction services and acting as a contractor. PGE is cutting and installing concrete, trenching at depths above 16", installing conduit and electrical lines and energizing electrical panels, and managing trades to perform a scope of work for a homeowner. This scope at minimum requires a General B license, or C22, or C8 from CSLB to legally perform the work needed to repair the services previously dismantled by PGE. PGE is not exempt per sections 7159.10 through 7159.14

Please move forward with the scope of work as legally required by California law.

Good morning Robert,

Our Claims Department conducted a high-level review of the situation and indicated that the claim may be denied under Rule 16, as the establishment of service is performed at the applicant's expense. However, you are welcome to submit a claim if you wish. You can do so at Claims | PG&E, and I've attached the claim form for your convenience.

To move forward with this project, we will need the signed contract and payment. Once the contract is fully processed, we can proceed with obtaining the encroachment permit and scheduling the work.

Please let me know if you have any questions.

Thank you,

Jennifer

Jennifer,

Rule 16, F.5 states, "When PG&E's facilities are damaged by others (previous owner/PGE), the repair will be made by PG&E at the expense of the party responsible for the damage." PGE is violating Rule 16 and Public Utilities Code 451 by failing to be "just and reasonable".

Please schedule and reinstate service in accordance with Rule 16.

Robert,

Based on your previous statement and our call records, the property was purchased without power. Because there is no active service at the location, it is not classified as a damaged facility. Therefore, your project falls under a new service extension in accordance with Rule 16.

At this time, we need to know whether you would like to move forward with the project under these requirements or cancel the request. Please let us know how you'd like to proceed.

Thank you,

Jennifer

Robert,

The process is not immediate, as there are still required QA steps. We will be able to schedule once our payment department confirms that processing is complete, which should be soon.

After that confirmation, we can contact Construction to request a date. That step is also not immediate, as the job must be coordinated. We will provide you with a schedule date as soon as it becomes available.

Robert,

We've been responding promptly and ensuring each step aligns with our required processes and policies. While some parts of the workflow can take time due to the necessary reviews, we have continued to provide updates as information becomes available. I've provided you with the customer journey map for reference that outlines the process from start to finish.

We're happy to continue assisting and will share any new developments as soon as they occur. If you have any specific or productive questions about the next steps or the status, please feel free to send them our way and we'll address them promptly. Otherwise, we will work to obtain a construction date and will provide you weekly reviews.

Need-to-Know Information

Customer Proprietary Network Information (CPNI)

CPNI is information made available to us solely by virtue of our relationship with you that relates to the type, quantity, destination, technical configuration, location, and amount of use of the telecommunications and interconnected VoIP services you purchase from us, as well as related billing information. The protection of your information is important to us, and you have a right, and we have a duty, under federal law, to protect the confidentiality of your CPNI.

We may use and share your CPNI among our affiliates and agents to offer you services that are different from the services you currently purchase from us. Verizon offers a full range of services, such as television, telematics, high-speed Internet, video, and local and long distance services. Visit Verizon.com for more information on our services and companies.

If you don't want your CPNI used for the marketing purposes described above, please notify us by phone any time at 800.333.9956 or online at vzw.com/myprivacy.

Unless you notify us in one of these ways, we may use your CPNI as described above beginning 30 days after the first time we notify you of this CPNI policy. Your choice will remain valid until you notify us that you wish to change your selection. Your decision about use of your CPNI will not affect the provision of any services you currently have with us.

Note: This CPNI notice does not apply to residents of the state of Arizona.

Explanation of Surcharges

Verizon wireless surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative and Telco Recovery Charge, which helps defray and recover certain direct and indirect costs we or our agents incur, including:
(a) costs of complying with regulatory and industry obligations and programs, such as E911, wireless local number portability and wireless tower mandate costs;
(b) property taxes; and
(c) costs associated with our network, including facilities (e.g. leases), operations, maintenance and protection, and costs paid to other companies for network services.
Please note that these are Verizon wireless charges, not taxes or government imposed fees. These charges, and what's included, are subject to change from time to time.

More On Wireless Taxes And Surcharges

Your total charges for this month's bill cycle are $247.40.

This includes charges for one or more bundled Verizon service plans that include voice, messaging, data, or other services for which you pay a monthly plan charge.

This bill cycle, your fixed monthly plan charges were $180.00 (before applying any discounts or credits, and excluding other charges such as overage, late payment, taxes, Verizon surcharges, and equipment).

To accurately bill taxes and Verizon surcharges, we regularly look at past network usage by you and other customers with similar plans to allocate this fixed monthly plan charge among the services included in the bundle.

In this bill cycle, we have allocated this amount as follows: $8.02 for voice, $1.67 for messaging, $160.31 for data, and $10.00 for other services.

For more information, please go to vzw.com/taxesandsurcharges.

Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy charges. You should not pay pre-bankruptcy amounts; they are for your information only. In the event Verizon receives notice of a bankruptcy filing, pre-bankruptcy charges will be adjusted in future invoices. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

Important Information Regarding Your Account

Effective May 18th, 2026, new late payment terms will apply to wireless postpaid accounts. Need-to-Know Information

Customer Proprietary Network Information (CPNI)

CPNI is information made available to us solely by virtue of our relationship with you that relates to the type, quantity, destination, technical configuration, location, and amount of use of the telecommunications and interconnected VoIP services you purchase from us, as well as related billing information. The protection of your information is important to us, and you have a right, and we have a duty, under federal law, to protect the confidentiality of your CPNI.

We may use and share your CPNI among our affiliates and agents to offer you services that are different from the services you currently purchase from us. Verizon offers a full range of services, such as television, telematics, high-speed Internet, video, and local and long distance services. Visit Verizon.com for more information on our services and companies.

If you don't want your CPNI used for the marketing purposes described above, please notify us by phone any time at 800.333.9956 or online at vzw.com/myprivacy.

Unless you notify us in one of these ways, we may use your CPNI as described above beginning 30 days after the first time we notify you of this CPNI policy. Your choice will remain valid until you notify us that you wish to change your selection. Your decision about use of your CPNI will not affect the provision of any services you currently have with us.

Note: This CPNI notice does not apply to residents of the state of Arizona.

Explanation of Surcharges

Verizon wireless surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative and Telco Recovery Charge, which helps defray and recover certain direct and indirect costs we or our agents incur, including:
(a) costs of complying with regulatory and industry obligations and programs, such as E911, wireless local number portability and wireless tower mandate costs;
(b) property taxes; and
(c) costs associated with our network, including facilities (e.g. leases), operations, maintenance and protection, and costs paid to other companies for network services.
Please note that these are Verizon wireless charges, not taxes or government imposed fees. These charges, and what's included, are subject to change from time to time.

More On Wireless Taxes And Surcharges

Your total charges for this month's bill cycle are $247.48.

This includes charges for one or more bundled Verizon service plans that include voice, messaging, data, or other services for which you pay a monthly plan charge.

This bill cycle, your fixed monthly plan charges were $180.00 (before applying any discounts or credits, and excluding other charges such as overage, late payment, taxes, Verizon surcharges, and equipment).

To accurately bill taxes and Verizon surcharges, we regularly look at past network usage by you and other customers with similar plans to allocate this fixed monthly plan charge among the services included in the bundle.

In this bill cycle, we have allocated this amount as follows: $8.02 for voice, $1.67 for messaging, $160.31 for data, and $10.00 for other services.

For more information, please go to vzw.com/taxesandsurcharges.

Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy charges. You should not pay pre-bankruptcy amounts; they are for your information only. In the event Verizon receives notice of a bankruptcy filing, pre-bankruptcy charges will be adjusted in future invoices. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

CPNI is information made available to us solely by virtue of our relationship with you that relates to the type, quantity, destination, technical configuration, location, and amount of use of the telecommunications and interconnected VoIP services you purchase from us, as well as related billing information. The protection of your information is important to us, and you have a right, and we have a duty, under federal law, to protect the confidentiality of your CPNI.

We may use and share your CPNI among our affiliates and agents to offer you services that are different from the services you currently purchase from us. Verizon offers a full range of services, such as television, telematics, high-speed Internet, video, and local and long distance services. Visit Verizon.com for more information on our services and companies.

If you don't want your CPNI used for the marketing purposes described above, please notify us by phone any time at 800.333.9956 or online at vzw.com/myprivacy.

Unless you notify us in one of these ways, we may use your CPNI as described above beginning 30 days after the first time we notify you of this CPNI policy. Your choice will remain valid until you notify us that you wish to change your selection. Your decision about use of your CPNI will not affect the provision of any services you currently have with us.

Note: This CPNI notice does not apply to residents of the state of Arizona.

Explanation of Surcharges

Verizon wireless surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative and Telco Recovery Charge, which helps defray and recover certain direct and indirect costs we or our agents incur, including:
(a) costs of complying with regulatory and industry obligations and programs, such as E911, wireless local number portability and wireless tower mandate costs;
(b) property taxes; and
(c) costs associated with our network, including facilities (e.g. leases), operations, maintenance and protection, and costs paid to other companies for network services.
Please note that these are Verizon wireless charges, not taxes or government imposed fees. These charges, and what's included, are subject to change from time to time.

More On Wireless Taxes And Surcharges

Your total charges for this month's bill cycle are $87.55.

This includes charges for one or more bundled Verizon service plans that include voice, messaging, data, or other services for which you pay a monthly plan charge.

This bill cycle, your fixed monthly plan charges were $75.00 (before applying any discounts or credits, and excluding other charges such as overage, late payment, taxes, Verizon surcharges, and equipment).

To accurately bill taxes and Verizon surcharges, we regularly look at past network usage by you and other customers with similar plans to allocate this fixed monthly plan charge among the services included in the bundle.

In this bill cycle, we have allocated this amount as follows: $4.01 for voice, $0.83 for messaging, $70.16 for data, and $0.00 for other services.

For more information, please go to vzw.com/taxesandsurcharges.

Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy charges. You should not pay pre-bankruptcy amounts; they are for your information only. In the event Verizon receives notice of a bankruptcy filing, pre-bankruptcy charges will be adjusted in future invoices. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

Device Payment Final Payment Notification

We have received the final payment for Device Payment Agreement 1900999598. If your final payment is insufficient or rejected, you will be billed for the total remaining balance on a subsequent bill.

Customer Proprietary Network Information (CPNI)

CPNI is information made available to us solely by virtue of our relationship with you that relates to the type, quantity, destination, technical configuration, location, and amount of use of the telecommunications and interconnected VoIP services you purchase from us, as well as related billing information. The protection of your information is important to us, and you have a right, and we have a duty, under federal law, to protect the confidentiality of your CPNI.

We may use and share your CPNI among our affiliates and agents to offer you services that are different from the services you currently purchase from us. Verizon offers a full range of services, such as television, telematics, high-speed Internet, video, and local and long distance services. Visit Verizon.com for more information on our services and companies.

If you don't want your CPNI used for the marketing purposes described above, please notify us by phone any time at 800.333.9956 or online at vzw.com/myprivacy.

Unless you notify us in one of these ways, we may use your CPNI as described above beginning 30 days after the first time we notify you of this CPNI policy. Your choice will remain valid until you notify us that you wish to change your selection. Your decision about use of your CPNI will not affect the provision of any services you currently have with us.

Explanation of Surcharges

Verizon wireless surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative and Telco Recovery Charge, which helps defray and recover certain direct and indirect costs we or our agents incur, including:
(a) costs of complying with regulatory and industry obligations and programs, such as E911, wireless local number portability and wireless tower mandate costs;
(b) property taxes; and
(c) costs associated with our network, including facilities (e.g. leases), operations, maintenance and protection, and costs paid to other companies for network services.
Please note that these are Verizon wireless charges, not taxes or government imposed fees. These charges, and what's included, are subject to change from time to time.

More On Wireless Taxes And Surcharges

Your total charges for this month's bill cycle are $247.36.

This includes charges for one or more bundled Verizon service plans that include voice, messaging, data, or other services for which you pay a monthly plan charge.

This bill cycle, your fixed monthly plan charges were $180.00 (before applying any discounts or credits, and excluding other charges such as overage, late payment, taxes, Verizon surcharges, and equipment).

To accurately bill taxes and Verizon surcharges, we regularly look at past network usage by you and other customers with similar plans to allocate this fixed monthly plan charge among the services included in the bundle.

In this bill cycle, we have allocated this amount as follows: $8.02 for voice, $1.67 for messaging, $160.31 for data, and $10.00 for other services.

For more information, please go to vzw.com/taxesandsurcharges.

Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy charges. You should not pay pre-bankruptcy amounts; they are for your information only. In the event Verizon receives notice of a bankruptcy filing, pre-bankruptcy charges will be adjusted in future invoices. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

Customer Proprietary Network Information (CPNI)

CPNI is information made available to us solely by virtue of our relationship with you that relates to the type, quantity, destination, technical configuration, location, and amount of use of the telecommunications and interconnected VoIP services you purchase from us, as well as related billing information. The protection of your information is important to us, and you have a right, and we have a duty, under federal law, to protect the confidentiality of your CPNI.

We may use and share your CPNI among our affiliates and agents to offer you services that are different from the services you currently purchase from us. Verizon offers a full range of services, such as television, telematics, high-speed Internet, video, and local and long distance services. Visit Verizon.com for more information on our services and companies.

If you don't want your CPNI used for the marketing purposes described above, please notify us by phone any time at 800.333.9956 or online at vzw.com/myprivacy.

Unless you notify us in one of these ways, we may use your CPNI as described above beginning 30 days after the first time we notify you of this CPNI policy. Your choice will remain valid until you notify us that you wish to change your selection. Your decision about use of your CPNI will not affect the provision of any services you currently have with us.

Note: This CPNI notice does not apply to residents of the state of Arizona.

Explanation of Surcharges

Verizon wireless surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative and Telco Recovery Charge, which helps defray and recover certain direct and indirect costs we or our agents incur, including:
(a) costs of complying with regulatory and industry obligations and programs, such as E911, wireless local number portability and wireless tower mandate costs;
(b) property taxes; and
(c) costs associated with our network, including facilities (e.g. leases), operations, maintenance and protection, and costs paid to other companies for network services.
Please note that these are Verizon wireless charges, not taxes or government imposed fees. These charges, and what's included, are subject to change from time to time.

More On Wireless Taxes And Surcharges

Your total charges for this month's bill cycle are $247.40.

This includes charges for one or more bundled Verizon service plans that include voice, messaging, data, or other services for which you pay a monthly plan charge.

This bill cycle, your fixed monthly plan charges were $180.00 (before applying any discounts or credits, and excluding other charges such as overage, late payment, taxes, Verizon surcharges, and equipment).

To accurately bill taxes and Verizon surcharges, we regularly look at past network usage by you and other customers with similar plans to allocate this fixed monthly plan charge among the services included in the bundle.

In this bill cycle, we have allocated this amount as follows: $8.02 for voice, $1.67 for messaging, $160.31 for data, and $10.00 for other services.

For more information, please go to vzw.com/taxesandsurcharges.

Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy charges. You should not pay pre-bankruptcy amounts; they are for your information only. In the event Verizon receives notice of a bankruptcy filing, pre-bankruptcy charges will be adjusted in future invoices. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

Customer Proprietary Network Information (CPNI)

CPNI is information made available to us solely by virtue of our relationship with you that relates to the type, quantity, destination, technical configuration, location, and amount of use of the telecommunications and interconnected VoIP services you purchase from us, as well as related billing information. The protection of your information is important to us, and you have a right, and we have a duty, under federal law, to protect the confidentiality of your CPNI.

We may use and share your CPNI among our affiliates and agents to offer you services that are different from the services you currently purchase from us. Verizon offers a full range of services, such as television, telematics, high-speed Internet, video, and local and long distance services. Visit Verizon.com for more information on our services and companies.

If you don't want your CPNI used for the marketing purposes described above, please notify us by phone any time at 800.333.9956 or online at vzw.com/myprivacy.

Unless you notify us in one of these ways, we may use your CPNI as described above beginning 30 days after the first time we notify you of this CPNI policy. Your choice will remain valid until you notify us that you wish to change your selection. Your decision about use of your CPNI will not affect the provision of any services you currently have with us.

Explanation of Surcharges

Verizon wireless surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative and Telco Recovery Charge, which helps defray and recover certain direct and indirect costs we or our agents incur, including:
(a) costs of complying with regulatory and industry obligations and programs, such as E911, wireless local number portability and wireless tower mandate costs;
(b) property taxes; and
(c) costs associated with our network, including facilities (e.g. leases), operations, maintenance and protection, and costs paid to other companies for network services.
Please note that these are Verizon wireless charges, not taxes or government imposed fees. These charges, and what's included, are subject to change from time to time.

More On Wireless Taxes And Surcharges

Your total charges for this month's bill cycle are $456.58.

This includes charges for one or more bundled Verizon service plans that include voice, messaging, data, or other services for which you pay a monthly plan charge.

This bill cycle, your fixed monthly plan charges were $232.50 (before applying any discounts or credits, and excluding other charges such as overage, late payment, taxes, Verizon surcharges, and equipment).

To accurately bill taxes and Verizon surcharges, we regularly look at past network usage by you and other customers with similar plans to allocate this fixed monthly plan charge among the services included in the bundle.

In this bill cycle, we have allocated this amount as follows: $10.03 for voice, $2.10 for messaging, $205.37 for data, and $15.00 for other services.

For more information, please go to vzw.com/taxesandsurcharges.

Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy charges. You should not pay pre-bankruptcy amounts; they are for your information only. In the event Verizon receives notice of a bankruptcy filing, pre-bankruptcy charges will be adjusted in future invoices. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

Your Monthly Bill Credit Has Been Applied

A 1 month device promotional credit has been applied to your bill for each device that's eligible. You will continue to receive device promotional credits for the remaining 35 months of your device payment agreement. However, if you choose to pay off the device before your 36 month agreement, you will no longer receive the device promotional credits. (Your eligible line(s): 209.226.5788).

You have choices about the use of your information in Verizon Wireless programs

(1) Custom Experience and Custom Experience Plus

The Verizon Custom Experience program uses information about websites you visit and apps you use on your mobile device to help us personalize our communications with you, give you more relevant product and service recommendations, and develop plans, services, and offers that are more appealing to you.

The Verizon Custom Experience Plus program uses a broader set of information for the same purposes including information about websites and apps you use, your Verizon Fios services, location information, and Customer Proprietary Network Information, including phone numbers you call or those that call you.

The information in the Custom Experience programs is used only by Verizon. We do not use the information for third-party targeted advertising or provide the information to others for them to use for their own advertising.

Your choices:

- Your new line(s) will be included in the Custom Experience program unless you opt-out.
- You will need to opt in to the Custom Experience Plus program to be included.
- You can view and change your choices at any time using privacy settings on the My Verizon site or app.

Eligibility:

Consumer and small business customers with smartphone lines are included in the Custom Experience program, except for lines with devices or plans meant for children and lines associated with Maine customers. This program does not include lines sold to corporate and government accounts and lines with tablets, basic phones, or mobile hotspots.

Consumer and small business customers may opt in to the Custom Experience Plus program. This program does not include lines sold to corporate and government accounts and lines with devices or plans meant for children.

For more information, view our FAQs: https://m.vzw.com/ce-faqs

(2) Business and Marketing Insights

The Business and Marketing Insights program helps us and others better understand consumer actions in aggregate. For example, we may create insights about the number of customers in different age groups who visit a website, use an app, or go to a retail store or stadium. We also can develop insights to help estimate traffic patterns about people who move from one area to another during the morning rush hour. The information we use and the insights we create do not identify you individually.

This program uses information about websites you visit and apps you use on your mobile device, device location, certain information about your Verizon products and services (such as device type, and amount of use) and demographic and interest information we get from you or from other companies (such as gender, age range and interests). We also use location and point of interest information we obtain from others and information provided by business and marketing insights clients who want to better understand their own customers or businesses.

Your choices:

You can opt out of participating in the Business and Marketing Insights program and can change your choices at any time using privacy settings on the My Verizon site or app or by calling 866.211.0874.

Need-to-Know Information

Customer Proprietary Network Information (CPNI)

CPNI is information made available to us solely by virtue of our relationship with you that relates to the type, quantity, destination, technical configuration, location, and amount of use of the telecommunications and interconnected VoIP services you purchase from us, as well as related billing information. The protection of your information is important to us, and you have a right, and we have a duty, under federal law, to protect the confidentiality of your CPNI.

We may use and share your CPNI among our affiliates and agents to offer you services that are different from the services you currently purchase from us. Verizon offers a full range of services, such as television, telematics, high-speed Internet, video, and local and long distance services. Visit Verizon.com for more information on our services and companies.

If you don't want your CPNI used for the marketing purposes described above, please notify us by phone any time at 800.333.9956 or online at vzw.com/myprivacy.

Unless you notify us in one of these ways, we may use your CPNI as described above beginning 30 days after the first time we notify you of this CPNI policy. Your choice will remain valid until you notify us that you wish to change your selection. Your decision about use of your CPNI will not affect the provision of any services you currently have with us.

Note: This CPNI notice does not apply to residents of the state of Arizona.

Explanation of Surcharges

Verizon wireless surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative and Telco Recovery Charge, which helps defray and recover certain direct and indirect costs we or our agents incur, including:
(a) costs of complying with regulatory and industry obligations and programs, such as E911, wireless local number portability and wireless tower mandate costs;
(b) property taxes; and
(c) costs associated with our network, including facilities (e.g. leases), operations, maintenance and protection, and costs paid to other companies for network services.
Please note that these are Verizon wireless charges, not taxes or government imposed fees. These charges, and what's included, are subject to change from time to time.

More On Wireless Taxes And Surcharges

Your total charges for this month's bill cycle are $87.94.

This includes charges for one or more bundled Verizon service plans that include voice, messaging, data, or other services for which you pay a monthly plan charge.

This bill cycle, your fixed monthly plan charges were $75.00 (before applying any discounts or credits, and excluding other charges such as overage, late payment, taxes, Verizon surcharges, and equipment).

To accurately bill taxes and Verizon surcharges, we regularly look at past network usage by you and other customers with similar plans to allocate this fixed monthly plan charge among the services included in the bundle.

In this bill cycle, we have allocated this amount as follows: $4.01 for voice, $0.83 for messaging, $70.16 for data, and $0.00 for other services.

For more information, please go to vzw.com/taxesandsurcharges.

Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy charges. You should not pay pre-bankruptcy amounts; they are for your information only. In the event Verizon receives notice of a bankruptcy filing, pre-bankruptcy charges will be adjusted in future invoices. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

Need-to-Know Information

Customer Proprietary Network Information (CPNI)

CPNI is information made available to us solely by virtue of our relationship with you that relates to the type, quantity, destination, technical configuration, location, and amount of use of the telecommunications and interconnected VoIP services you purchase from us, as well as related billing information. The protection of your information is important to us, and you have a right, and we have a duty, under federal law, to protect the confidentiality of your CPNI.

We may use and share your CPNI among our affiliates and agents to offer you services that are different from the services you currently purchase from us. Explanation of Surcharges

Verizon wireless surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative and Telco Recovery Charge, which helps defray and recover certain direct and indirect costs we or our agents incur, including:
(a) costs of complying with regulatory and industry obligations and programs, such as E911, wireless local number portability and wireless tower mandate costs;
(b) property taxes; and
(c) costs associated with our network, including facilities (e.g. leases), operations, maintenance and protection, and costs paid to other companies for network services.
Please note that these are Verizon wireless charges, not taxes or government imposed fees. These charges, and what's included, are subject to change from time to time.

More On Wireless Taxes And Surcharges

Your total charges for this month's bill cycle are $87.90.

This includes charges for one or more bundled Verizon service plans that include voice, messaging, data, or other services for which you pay a monthly plan charge.

This bill cycle, your fixed monthly plan charges were $75.00 (before applying any discounts or credits, and excluding other charges such as overage, late payment, taxes, Verizon surcharges, and equipment).

To accurately bill taxes and Verizon surcharges, we regularly look at past network usage by you and other customers with similar plans to allocate this fixed monthly plan charge among the services included in the bundle.

In this bill cycle, we have allocated this amount as follows: $4.01 for voice, $0.83 for messaging, $70.16 for data, and $0.00 for other services.

For more information, please go to vzw.com/taxesandsurcharges.

Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy charges. You should not pay pre-bankruptcy amounts; they are for your information only. In the event Verizon receives notice of a bankruptcy filing, pre-bankruptcy charges will be adjusted in future invoices. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

Customer Proprietary Network Information (CPNI)

CPNI is information made available to us solely by virtue of our relationship with you that relates to the type, quantity, destination, technical configuration, location, and amount of use of the telecommunications and interconnected VoIP services you purchase from us, as well as related billing information. The protection of your information is important to us, and you have a right, and we have a duty, under federal law, to protect the confidentiality of your CPNI.

We may use and share your CPNI among our affiliates and agents to offer you services that are different from the services you currently purchase from us. Verizon offers a full range of services, such as television, telematics, high-speed Internet, video, and local and long distance services. Visit Verizon.com for more information on our services and companies.

If you don't want your CPNI used for the marketing purposes described above, please notify us by phone any time at 800.333.9956 or online at vzw.com/myprivacy.

Unless you notify us in one of these ways, we may use your CPNI as described above beginning 30 days after the first time we notify you of this CPNI policy. Your choice will remain valid until you notify us that you wish to change your selection. Your decision about use of your CPNI will not affect the provision of any services you currently have with us.

Note: This CPNI notice does not apply to residents of the state of Arizona.

Explanation of Surcharges

Verizon wireless surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative and Telco Recovery Charge, which helps defray and recover certain direct and indirect costs we or our agents incur, including:
(a) costs of complying with regulatory and industry obligations and programs, such as E911, wireless local number portability and wireless tower mandate costs;
(b) property taxes; and
(c) costs associated with our network, including facilities (e.g. leases), operations, maintenance and protection, and costs paid to other companies for network services.
Please note that these are Verizon wireless charges, not taxes or government imposed fees. These charges, and what's included, are subject to change from time to time.

More On Wireless Taxes And Surcharges

Your total charges for this month's bill cycle are $247.48.

This includes charges for one or more bundled Verizon service plans that include voice, messaging, data, or other services for which you pay a monthly plan charge.

This bill cycle, your fixed monthly plan charges were $180.00 (before applying any discounts or credits, and excluding other charges such as overage, late payment, taxes, Verizon surcharges, and equipment).

To accurately bill taxes and Verizon surcharges, we regularly look at past network usage by you and other customers with similar plans to allocate this fixed monthly plan charge among the services included in the bundle.

In this bill cycle, we have allocated this amount as follows: $8.02 for voice, $1.67 for messaging, $160.31 for data, and $10.00 for other services.

For more information, please go to vzw.com/taxesandsurcharges.

Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy charges. You should not pay pre-bankruptcy amounts; they are for your information only. In the event Verizon receives notice of a bankruptcy filing, pre-bankruptcy charges will be adjusted in future invoices. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

Need-to-Know Information

Customer Proprietary Network Information (CPNI)

CPNI is information made available to us solely by virtue of our relationship with you that relates to the type, quantity, destination, technical configuration, location, and amount of use of the telecommunications and interconnected VoIP services you purchase from us, as well as related billing information. The protection of your information is important to us, and you have a right, and we have a duty, under federal law, to protect the confidentiality of your CPNI.

We may use and share your CPNI among our affiliates and agents to offer you services that are different from the services you currently purchase from us. Verizon offers a full range of services, such as television, telematics, high-speed Internet, video, and local and long distance services. Visit Verizon.com for more information on our services and companies.

If you don't want your CPNI used for the marketing purposes described above, please notify us by phone any time at 800.333.9956 or online at vzw.com/myprivacy.

Unless you notify us in one of these ways, we may use your CPNI as described above beginning 30 days after the first time we notify you of this CPNI policy. Your choice will remain valid until you notify us that you wish to change your selection. Your decision about use of your CPNI will not affect the provision of any services you currently have with us.

Note: This CPNI notice does not apply to residents of the state of Arizona.

Explanation of Surcharges

Verizon wireless surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative and Telco Recovery Charge, which helps defray and recover certain direct and indirect costs we or our agents incur, including:
(a) costs of complying with regulatory and industry obligations and programs, such as E911, wireless local number portability and wireless tower mandate costs;
(b) property taxes; and
(c) costs associated with our network, including facilities (e.g. leases), operations, maintenance and protection, and costs paid to other companies for network services.
Please note that these are Verizon wireless charges, not taxes or government imposed fees. These charges, and what's included, are subject to change from time to time.

More On Wireless Taxes And Surcharges

Your total charges for this month's bill cycle are $247.48.

This includes charges for one or more bundled Verizon service plans that include voice, messaging, data, or other services for which you pay a monthly plan charge.

This bill cycle, your fixed monthly plan charges were $180.00 (before applying any discounts or credits, and excluding other charges such as overage, late payment, taxes, Verizon surcharges, and equipment).

To accurately bill taxes and Verizon surcharges, we regularly look at past network usage by you and other customers with similar plans to allocate this fixed monthly plan charge among the services included in the bundle.

In this bill cycle, we have allocated this amount as follows: $8.02 for voice, $1.67 for messaging, $160.31 for data, and $10.00 for other services.

For more information, please go to vzw.com/taxesandsurcharges.

Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy charges. You should not pay pre-bankruptcy amounts; they are for your information only. In the event Verizon receives notice of a bankruptcy filing, pre-bankruptcy charges will be adjusted in future invoices. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

Classification: Public

Good Morning Robert,

Thank you for your patience. I've reviewed your project with my team. I understand you would like confirmation as to who is responsible for the cost to reestablish service at the property recently purchased. Service was previously removed due to findings of fraud by the prior owners.

We followed up with our Revenue Assurance team and confirmed that the charges that were discussed were in relation to the billing portion related to the fraud associated with the property. This was not related to fees associated with establishing new service. The previous owners would be responsible for both the bills associated with the fraud and restoration of service if the property had not been sold.

I'd be happy to set up a call with my team to discuss next steps, as well as possible timelines associated with the new service.

Please let me know if you have any questions or if I can provide additional information.

Thank you.

Hi Vanessa,

Give me a call when you're free to discuss.

How was it confirmed with Revenue Assurance? Were the recordings reviewed?
How are the owners responsible for the billing but not the service reconnection?

Please forgive any spelling errors or typos, this was sent from my cellphone

CLAIMS PROCESS

We understand you have sustained a loss and you believe PG&E may be responsible. If we prove to be responsible, we want to promptly and fairly compensate you. To evaluate your claim, we must determine how the incident happened, whether or not we caused it, and compensate you fairly under the law. Below are some frequently asked questions about submitting a claim to Pacific Gas and Electric Company.

WHAT IS THE CLAIMS POLICY AND PROCESS? It is PG&E's policy to respond to claims promptly and fairly. We evaluate each claim based on the information you provide and our investigation. The time to investigate your claim will depend on the information you provide and the complexity of the incident. Our goal is to reach a decision on your claim within 30 days of its receipt. However, if there are complex issues involved, or if we need additional information, the process may take longer.

WHO IS RESPONSIBLE FOR DAMAGES? Generally speaking, PG&E is responsible for damages that result from its negligence. If any person, business or property is damaged because PG&E does something unreasonable, or because we unreasonably fail to do something that should have been done, then we are obligated to reimburse reasonable damages. We are not responsible for damages that we do not cause or that are the result of forces beyond our control. For example, in most instances we are not responsible for power outages or voltage fluctuations caused by earthquakes, weather conditions (such as lightning, floods, heavy storms, extreme heat or winds) curtailments or outages initiated at the direction of any electric grid operator or due to a failure of gas supplies not caused by us. There may be situations in which PG&E is only partially responsible for a loss. In those cases we will offer to pay our fair share.

WHAT IS YOUR RESPONSIBILITY? You have a duty to mitigate your damages, which means that you have to minimize the loss, and to make sure that losses or expenses incurred because of an incident are not accumulating needlessly and that they are reasonable in relation to the loss.

WHAT DO YOU NEED TO PROVIDE? You should retain copies of all receipts so you can provide full and accurate documentation of your losses or damages. You can help us expedite your claim by completing the claim form as thoroughly as possible, and by enclosing appropriate photographs and supporting documentation. Below are general examples.

Property Damage	Personal Injury*	Lost Wages	Business Losses	Miscellaneous Losses	Food Spoilage**
Detailed repair estimates	Date of Birth	Amount of time off	Tax records	Hotel receipts	Itemized purchase receipts
Detailed repair invoices	Gender	Employer's verification	Bank statements	Restaurant receipts	Itemized list of cost and type of food
Purchase receipts	Treatment bills	Payroll stubs	Payroll records	Car rental receipts	List to identify if items were frozen or refrigerated
Appraisals	*Treatment records		Revenue statements		Photographs
Photographs	Prescription receipts		Expense statements		
Rental receipts			Sales Receipts		

*For personal injury losses, be prepared to provide your Social Security Number and to approve PG&E's request for records from your medical provider(s).

**Food spoilage claims are evaluated based on the recommended guidelines from the US Department of Agriculture:

1. A fully stocked freezer will usually keep food frozen for 2 days after losing power, if the door remains closed.
2. A half-full freezer will usually keep food frozen about 1 day, if the door remains closed.
3. Food will usually stay cold in the refrigerator up to 4 hours, if the door remains closed.

WHAT ARE YOUR CLAIM OPTONS? You may wish to refer your claim to your insurance company, which may be able to reimburse you without an investigation and, depending on your coverage, may pay replacement values for damaged items. Your insurance company will seek reimbursement from PG&E.

WHAT IF YOUR CLAIM IS DENIED? If your claim is denied, we will send a letter explaining the reason. It may be because of a gas or electric rule that applies to your situation. These rules are on file with the California Public Utilities Commission (CPUC). They have the same effect as other laws. If you are not satisfied with our decision and explanation, you have the right to file a court action, including a small claims action. The small claims court hears matters not exceeding $7,500. The small claims process does not involve attorneys.

IS THERE A TIME LIMIT ON FILING A CLAIM OR A COURT ACTION? It is always best to submit a claim as soon as possible. PG&E is guided by claims experience and applicable time limits for filing legal actions, if the claim is denied. Our experience indicates that food spoilage and similar claims should be made promptly, and, therefore, such claims will only be paid if they are submitted and resolved within one year from the date of the incident. If you wish to file a court action, there are various time limits set by California law. Generally, these are: personal injury, 2 years from the date of the injury; personal inconvenience (such as a meal out), 1 year; business interruption or economic loss with no property damage, 2 years; tangible property damage, 3 years. If you have questions regarding these limits, you should consult an attorney.

WHAT IS THE ROLE OF THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)? The CPUC sets general rules relating to claims process, but it does not rule on the underlying merits of a claim. If you have a billing dispute that you are unable to resolve with PG&E personnel, the appropriate remedy is to file a complaint with the CPUC. For further information about the role of the CPUC, you can call 800-649-7570 or visit its website at www.cpuc.ca.gov.

Dear Claims Department,

Please find enclosed our formal claim for damages exceeding $115,000 resulting from PG&E's undisclosed destruction of the main service line at the above property, despite pre-purchase verbal assurances from Revenue Assurance representatives that the service was in good condition with costs following the previous owner.

Key supporting documents include:

- Completed Claim Form (with itemization)
- Description of Incident Letter
- Detailed Timeline of Incidents
- Itemization Spreadsheet with supporting invoices
- Email correspondence
- PG&E Contract & Payment Records
- Dominion Financial Statements & Settlement Statement
- Phone Records

This claim is grounded in Electric Rule 16 (Sections A4 – Ownership of Facilities and F5 – Damaged Facilities) and PG&E's failure to disclose known issues. We respectfully request a prompt investigation and response within your standard 30-day timeframe.

Thank you for your attention. I can be reached at (209) 596-1625 or robert@ffbuilding.com for any questions or additional information.

Description of Incident

Please find the attached description of the incident at the property 205 Oakhurst Ct. Merced, CA 95340.

Our firm purchased a property with a missing meter. We reached out to PG&E and spoke to PG&E Revenue Assurance Representatives Carrie and Melissa, before purchase to discuss the cost of hooking up a new meter at the specific address. We were informed that "All costs to restore power to the residence follow the previous owner". There were no notes or issues regarding the property that our firm was informed of, nor any potential issues with restoring service to this address. Our firm proceeded with the purchase of the property under the guidance of PG&E representatives, who verbally approved its good condition.

Upon the City of Merced's approval of the main service panel, PG&E scheduled its technicians to energize the home. PG&E scheduled a standard hook-up, but the technicians stated they were unable to connect the service due to PG&E's prior destruction of the service. Our firm was not informed of the main service line destruction, the inability to repair it, or the need for repair, despite PG&E confirming that the service was in good condition before purchase and ready for hookup. PG&E forced our firm to pay $8,713.25 for the reconstruction of their main service line after PG&E's prior destruction. This misconduct cost our firm approximately $43,061.38 interest, extension fees, utilities, construction costs, insurance, etc. This does not include loss of professional time remedying this situation or market volatility caused by PG&E-created delays exceeding $73,200.

Rule 16, Section F5 states, **“DAMAGED FACILITIES. When PG&E's facilities are damaged by others, the repair will be made by PG&E at the expense of the party responsible for the damage”.** The facilities were damaged by PG&E itself. Our firm was given pre-purchase

assurances the service was ready which created an obligation that PG&E failed to meet making reconstruction the responsibility of PG&E. Additionally, PG&E is responsible for its own equipment per section A4 of Rule 16, **"OWNERSHIP OF FACILITIES. Service Facilities installed under the provisions of this rule shall be owned, operated, and maintained by PG&E if they are (a) located in the street, road or Franchise Area of PG&E, (b) installed by PG&E under section D.2 below on Applicant's Premises for the purpose of the delivery of electric energy to Applicant, or (c) installed by Applicant under the provisions of this rule, and conveyed to PG&E"**. PG&E is responsible for its service facilities in regards to the delivery of electric energy to the property.

We request that PG&E reimburse our firm for all losses caused by their staff's errors. We intend to escalate this should PG&E continue to pass the blame for their own errors to our firm.

- 05/12/26 - PG&E finally completes installation.

PG&E's actions contradict Rule 16, Section F5. These events resulted in documented losses of over $116,061.38 due to PG&E's undisclosed destruction and delays.

Dear Robert Runyan:

The Consumer Affairs Branch (CAB) of the California Public Utilities Commission (CPUC) received your informal Appeal of your case, **File No:716841**.

PG&E maintained their position and stated the they do not provide tariff advisement to prospective buyers prior to purchase. Tariff requirements—including **Rule 16**—are discussed only after an applicant submits a project request and PG&E has a complete understanding of the scope of work. This ensures that tariff requirements are applied accurately and consistently based on the specific work being requested. PG&E stated that, at the outset of this project, you were informed that you would be responsible for the costs associated with re-establishing service at the property.

Since CAB's authority is limited and cannot compel the utility to provide you with the relief you requested, you have **two other available options:**

The **first option** is to convert this Informal Complaint to a **Formal Complaint** – please refer to the Formal Complaint instructions accompanying this letter. You can get further assistance by going to our website: https://www.cpuc.ca.gov/formalcomplaintinfo/ or you may contact the Public Advisors Officer (PAO) at (866) 849-8390. The PAO is available if you need assistance with completing the necessary forms and assist you with the filing of your paperwork.

The **second option** is to seek legal advice and file a **legal process in a civil or** municipal court or in a court of competent jurisdiction in accordance with **PU Code §2106.**

Sincerely,
