BEFORE THE PUBLIC UTILITIES COMMISSION

OF THE STATE OF CALIFORNIA

Order Instituting Rulemaking to Continue Oversight of Electric Integrated Resource Planning and Procurement Processes.	R. 25-06-019 (Filed June 26, 2025)

CLEARWAY ENERGY GROUP LLC'S MOTION FOR PARTY STATUS

Pursuant to Rule 1.4(a)(4) of the California Public Utilities Commission ("Commission") Rules of Practice and Procedure, Clearway Energy Group LLC ("Clearway") respectfully moves for party status in the above captioned proceeding.

I. DESCRIPTION OF CLEARWAY ENERGY GROUP LLC

Clearway is a leading independent power producer and developer of clean energy projects. Along with its public affiliate Clearway Energy, Inc., Clearway's California portfolio comprises 6.7 GW of gross generating capacity in operation or currently under construction, including 2.4 GW of flexible dispatchable power generation and over 4 GW of battery energy storage, solar, and wind. Clearway also has additional renewable energy and storage projects under development to serve California customers. As we develop a pipeline of new energy projects for the future, Clearway's operating fleet in California generates enough reliable electricity to power approximately 1.3 million California homes today.

II. INTEREST IN THIS PROCEEDING

As an owner and developer of electric generation and storage resources in California, with investments spanning multiple technologies, Clearway has a substantial and direct interest in the Commission's ongoing Integrated Resource Planning process, including development of resource

portfolios and associated busbar mapping for the 2027-2028 Transmission Planning Process. Accordingly, Clearway seeks party status to protect its interests and plans to participate fully in this proceeding. By virtue of its experience developing, owning, and operating a diverse portfolio of generation and storage resources, Clearway is well positioned to provide the Commission with a practical and informed perspective as the Commission finalizes resource portfolios and associated busbar mapping to be transmitted to CAISO. The outcome of this proceeding will directly affect Clearway's interests. Those interests are directly related to the matters at issue here, and Clearway's participation will not broaden the scope of this proceeding, delay its schedule, or prejudice any party.

III. SERVICE

If the Commission grants this Motion, Clearway requests that the Commission add the following contact information to the "Parties" service list:

Julia Zuckerman
Senior Director, External and Market Affairs
Clearway Energy Group LLC
100 California Street, Suite 650
San Francisco, CA 94111
julia.zuckerman@clearwayenergy.com

IV. CONCLUSION

For the reasons stated above, Clearway respectfully requests that the Commission grant this Motion for Party Status.

Respectfully submitted,

/s/ Julia Zuckerman
