Subject: [EXTERNAL] R.21-06-017 (High DER) - Request for Extension for Comments on Track 3 PD

CAUTION: This e-mail originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Administrative Law Judges Regnier and Chang,

Pursuant to CPUC Rule 11.6, Clean Coalition requests a proposed extension of the following deadlines, as set forth in Proposed Decision (PD) Addressing Track 3 Issues Directing Large Investor-Owned Utilities to Support Affordability Through Flexible Service Connections, filed October 20, 2026.

Proposed Extension Dates:

1. **Submission:** Original Date in PD Proposed Extended Date
2. **Opening Comments:** November 9, 2026 - November 16, 2026
3. **Reply Comments:** November 16, 2026 - November 23, 2026

The Track 3 PD was released on October 20, 2026, one day after the due date for opening comments on the PD Adopting an Application Process for Utility Distributed Energy Resources Orchestration and Ordering Utilities to Incorporate Load Flexibility Scenarios into their Distribution Planning and Execution Processes. Parties then had to review opening comments and develop reply comments on the PD Adopting an Application Process for Utility DER Orchestration, due on October 26, 2026. Based on the bandwidth required to develop reply comments and the need to review the extensive Track 3 PD, Clean Coalition believes that additional time is required to ensure parties are able to fully assess the Track 3 PD and develop a thorough response.

Pursuant to Rule 11.6, Clean Coalition reached to parties to this proceeding on October 29, 2026, asking whether they support, oppose, to take no position to this request for extension. The following parties indicated they are in support of the extension: 350 Bay Area, Southern California Edison Company (SCE), California Community Choice Association (CalCCA), San Diego Gas & Electric Company (SDG&E), Pacific Gas & Electric Company (PG&E), Environmental Defense Fund (EDF), SPAN.IO, Inc (SPAN), Advanced Energy United (AEU), California Efficiency + Demand Management Council (CEDMC), Utility Consumers' Action Network (UCAN), and Universal Devices. No parties opposed the proposed extension request. The following

parties took no position: Interstate Renewable Energy Council (IREC), California Solar and Storage Association (CALSSA), the Public Advocates Office (Cal Advocates), and Small Business Utility Advocates (SBUA).

Clean Coalition does not believe this extension would prejudice any party and therefore requests that the Commission grant this request. Given the impending deadline, Clean Coalition respectfully requests that the Commission expedite its review and approval of this extension request.

Respectfully submitted,

Ben Schwartz
