RE: Confirmation of Clerical Error and Correction of Original Stock Certificates – Winchester Civil

To Whom It May Concern:

I am writing on behalf of Contractors Intelligence School to formally acknowledge and clarify an error made during the preparation of the original corporate documents and stock certificates for Winchester Civil.

Our company was responsible for preparing the original corporate binder and stock certificates for Winchester Civil. During the preparation of these documents, a clerical error occurred in the allocation of shares issued to the corporation's shareholders.

The original stock certificates incorrectly reflected the following ownership distribution:

- Nicole Ryan: 501 shares (50.1%)
- Leif Ryan: 499 shares (49.9%)

The intended ownership distribution from the corporation's inception was:

- **Nicole Ryan: 510 shares (51%)**
- **Leif Ryan: 490 shares (49%)**

The original allocation of 501 shares to Nicole Ryan was an administrative documentation error and did not accurately reflect the intended ownership structure of Winchester Civil.

Upon being notified of this discrepancy, our company reviewed the matter, acknowledged the error, and prepared corrected stock certificates and a replacement corporate binder reflecting the intended 51% ownership by Nicole Ryan and 49% ownership by Leif Ryan.

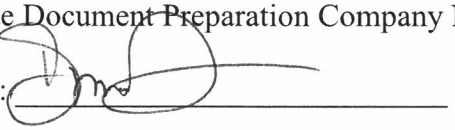

The corrected documents were prepared to remedy an error in the original corporate records and were not intended to represent a new sale, transfer, or subsequent restructuring of corporate ownership.

We provide this statement to clarify the circumstances surrounding the correction of Winchester Civil's corporate documentation and to confirm that the revised stock certificates were issued to accurately document the ownership arrangement originally intended.

Please contact our office if additional information or clarification is required.

Sincerely,
Anna Nunes
General Manager
