Maria Cordova,

Complainant,

vs.

Southern California Edison Company (U338E),

Defendant.

(ECP)

Case (C.) 26-09-023
(Filed September 11, 2026)

DECLARATION OF ROBERT ROJAS IN SUPPORT OF SCE'S MOTION TO DISMISS

I, Robert Rojas, declare as follows:

1. I am employed by Southern California Edison Company as an Advisor in the Tariffs and Advice Letters Group of the Regulatory Affairs Department. As part of my regular work, I investigate and respond to Complaints before the California Public Utility Commission. I am authorized to submit this declaration in support of SCE's Motion to Dismiss. I have personal knowledge of the facts stated in this declaration and, if called as a witness, I could and would testify competently to them.

2. I have reviewed the Complaint filed by Maria Cordova (the Complainant) in ECP C.26-09-023 and SCE's Answer. I am also familiar with SCE's communications with Complainant concerning the nature of her requested relief.

3. On October 27, 2026, I spoke by telephone with Complainant in Spanish regarding the allegations and relief requested in this proceeding in order to understand exactly the relief the Complaint is requesting.

4. During that conversation, I explained that SCE's investigation had confirmed the meter assignment and had not found a crossed-meter condition. I also explained the distinction between SCE-owned facilities and privately owned wiring or an electrical panel inside the premises.

5. I asked Complainant to clarify the order she wanted from the assigned Administrative Law Judge. Complainant confirmed that the relief she seeks is an order requiring SCE to review or inspect the internal wiring inside her business unit and the internal wiring running from her electrical panel to determine whether electricity measured through her meter may serve another portion of the property.

6. The internal-wiring inspection described by Complainant was the relief she identified during our October 27, 2026, conversation.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on November 10, 2026, at Rosemead, California.

/s/ *Robert Rojas*
