BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF CALIFORNIA

Order Instituting Rulemaking to Continue Implementation and Administration, and Consider Further Development, of California Renewables Portfolio Standard Program.	Rulemaking 24-01-017 (Filed January 25, 2024)

MOTION OF PACIFICORP (U 901-E) FOR LEAVE TO FILE CONFIDENTIAL MATERIAL UNDER SEAL

Pursuant to Rules 11.1 and 11.4 of the California Public Utilities Commission (Commission) Rules of Practice and Procedure and the updated processes provided in Decision (D.) 16-08-024, D.17-09-023, D.21-11-029, and General Order 66-D, as well as in accordance with instructions from Commission Energy Division, PacifiCorp, d/b/a Pacific Power (PacifiCorp) (U 901-E) moves for leave to file its 2021-2024 Final Renewables Portfolio Standard (RPS) Compliance Report under seal. As instructed by Energy Division, PacifiCorp is filing and serving an updated version of its 2021-2024 Final RPS Compliance Report, along with this motion which has been updated to align with Commission confidentiality requirements.

The confidential portions of PacifiCorp's 2021-2024 Final RPS Compliance Report identified in Table 1 below qualify for protection under Public Utilities Code Section 454.5(g) and D.06-06-066, D.08-04-023, D.21-11-029, and the Matrix of Allowed Confidential Treatment for Investor Owned Utility Data (IOU Matrix) attached as Appendix 1 to the latter decision. Public Utilities Code Section 454.5(g) provides that the Commission shall adopt "appropriate procedures to ensure the confidentiality of any market sensitive information" submitted by a utility in connection with procurement-related activities. In D.06-06-066, D.08-04-023, and D.21-11-029 the Commission adopted rules governing confidentiality of certain categories of electric

procurement data which are entitled to confidentiality protections established in the IOU Matrix. The data for which PacifiCorp requests confidentiality and thereby protection from public disclosure are of the type and correspond to the category (or categories) in the IOU Matrix specified below:

TABLE 1: IDENTIFICATION OF CONFIDENTIAL INFORMATION		
RPS Compliance Report Worksheet Location	***Type of Data***	***Matrix Category***
Worksheet "2025 Annual or 2021-2024 Final Non-CBA RPS Compliance Report: Contract Details" (Contract Details): Contract Details Table: Cells K9:M138, K157:M158	Contract Detail for years 2026-2028 for IOU generation and QF generation data that warrants protection to avoid identification of PacifiCorp's existing portfolio assets and modifications in demand and pricing for QF generation.	IV – Resource Planning Information – Electric A) Forecast of IOU Generation Resources (MW and MWh): Confidential for three years. B) Forecast of Qualifying Facility Generation: Confidential for three years

The data for which PacifiCorp is claiming confidentiality is not already public. PacifiCorp's customers may be harmed by the loss of confidentiality insofar as members of the public not eligible to review the data as non-market participating parties—primarily other market participants such as other IOUs or wholesale suppliers of RPS supplies—can use this data to derive PacifiCorp-specific RPS procurement requirements and PacifiCorp's current compliance position.

Accordingly, PacifiCorp respectfully requests that the above identified portions of its 2021-2024 Final RPS Compliance Report be treated as confidential material and protected from public disclosure. PacifiCorp requests that the data remain under seal until December 31, 2029. PacifiCorp also requests a ruling granting leave to file the confidential version of its 2021-2024 Final RPS Compliance Report under seal.

Dated: November 13, 2026

Respectfully submitted,

/s/ Jedediah J. Gibson
