Subject: Email ALJ Ruling Granting Electrify America Motion for Party Status - Sempra (SDG&E/SoCalGas) General Rate Case A2606014/015

A Motion for Party Status of Electrify America in proceeding A.26-06-014/A.26-06-015 (General Rate Case of San Diego Gas and Electric (SDG&E) and Southern California Gas) was filed on October 13, 2026 (Motion).

Electrify America states the following in support of its Motion:

Electrify America has a direct and substantial interest in this phase of the proceeding. The revenue requirement will have a direct impact on the [Electric Vehicle-High Power] EV-HP rates that Electrify America pays for its stations in the SDG&E service territory as well as related electric vehicle charging or electrification programs. Electrify America's interests are individual to it as an owner and operator of public [direct current fast charging] DCFC infrastructure and are not adequately represented by any other party to this proceeding. Electrify America recognizes that other electric vehicle charging providers are parties to this proceeding; however, Electrify America's business model and its unique strategy related to future DCFC infrastructure site design and operation give it distinct interests that cannot be adequately represented by any other party. Motion at 3.

Based on the foregoing statements and good cause appearing, Electrify America's motion for party status is granted.

IT IS SO RULED.

Docket office shall file this ruling.

Motion at 1-2.

Based on the foregoing statements and good cause appearing, the City of San Diego's motion for party status is granted. Further, the City of San Diego accidentally called the Application a "Rulemaking" and shall adjust the title in future filings to "Application."
