18 **Executive Director's Letters to Direct Investor Owned Utilities
to Offer a 60-Day Advance Payment to Energy Savings
Assistance Contractors**

[18360]
Res E-5074

PROPOSED OUTCOME:

- Ratifies the March 23, 2020 and the April 7, 2020 letters sent by the Executive Director of the California Public Utilities Commission to direct Pacific Gas & Electric Company, Southern California Edison Company, San Diego Gas & Electric Company, Southern California Gas Company, Bear Valley Electric Service, Liberty Utilities LLC, PacifiCorp and Southwest Gas Corporation to offer a 60-day advance payment to Energy Savings Assistance (ESA) Contractors for their employees and provides direction in response to additional elements proposed by ESA Contractors.

SAFETY CONSIDERATIONS:

- Treating ESA homes requires customer contractor interaction in the customer home, which presents a risk to safety due to the COVID-19 pandemic if this activity resumes too soon. As this Resolution sets forth, IOUs and their Contractors are to follow all state and local government orders on social distancing to protect the health of the workers and the customer in order to mitigate this safety risk.

ESTIMATED COST:

- Decision 16-11-022 authorized ESA and California Alternate Rates for Energy budgets and programs for 2017-2020. This Resolution does not trigger any collection of additional funds beyond already authorized collections. For a limited period following the return to normal ESA program operations, the per home costs of ESA treatments may be greater. As a result, IOUs will have fewer unspent funds remaining at end of 2017-2020 budget cycle and may also treat fewer homes than projected for the authorized budget.
