December 29, 2020

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In The Matter of the Application of
San Diego Gas & Electric Company
(U902G) and Southern California Gas
Company (U904G) for a Certificate of
Public Convenience and Necessity for the
Pipeline Safety & Reliability Project.

Application 15-09-013
(Filed September 30, 2015)

ORDER CORRECTING ERROR IN DECISION 20-12-014

The Commission has been informed of a non-substantive error in Decision (D.) 20-12-014, titled “Order Modifying Decision (D.) 20-02-024 and Denying Rehearing of Decision, as Modified.”

Specifically, D.20-12-014 fails to delete language from page 48 of D.20-02-024 that states “Because this decision approves Design Alternative 1.” Identical language was, however, purposely deleted from page 46 of D.20-02-024 and replaced with “Because Design Alternative 1 is in effect as legally required.” (D.20-12-014, p. 35, Ordering Para. 1.a.)

Therefore, pursuant to Resolution A-4661, a new Ordering Paragraph is added below Ordering Paragraph 1.a that states:

- b. On page 48, delete the language “Because this decision approves Design Alternative 1” and replace it with “Because Design Alternative 1 is in effect as legally required.”

The Ordering Paragraph previously marked as Ordering Paragraph 1.b is now 1.c, and so on.

IT IS ORDERED that:

1. Decision 20-12-014 is corrected as indicated above.

2. Application 15-09-013 remains open.

This order is effective today.

Dated December 29, 2020 at San Francisco, California.
