The remote public forums will begin with a brief overview of San Jose Water's request; then public comments will be heard via phone.

On January 4, 2021, San Jose Water submitted its General Rate Case application requesting CPUC approval to increase its total revenue. The total revenue increase request was updated since that time according to San Jose Water's 45-Day Update submitted to the CPUC on March 4, 2021, which the CPUC requires San Jose Water to provide. San Jose Water is requesting to increase its total revenue by \$32.906 million (or 8.06 percent) in 2022; \$18.775 million (or 4.26 percent) in 2023; and \$22.249 million (or 4.86 percent) in 2024. If San Jose Water's rate request is approved by the CPUC, the average residential monthly bill with a ¾-inch meter using 11 Ccfs per month would increase by approximately \$8.79 (or 9.36 percent) from \$93.96 at present rates, to \$102.75 in 2022, by \$3.90 (or 3.80 percent) to \$106.65 in 2023, and by \$4.39 or (4.11 percent) to \$111.04 in 2024. These monthly bill amounts include currently authorized surcharges as well as surcharges requested in San Jose Water's General Rate Case Application. According to San Jose Water, main contributors to the rate increases include infrastructure replacement, depreciation expense, outside services, increased pension and benefit costs, and increased labor expenses.

San Jose Water provides water and wastewater services in San Jose, Cupertino, Campbell, Los Gatos, Monte Sereno, Saratoga, and in unincorporated territory in the County of Santa Clara.

The CPUC welcomes remote attendance and comment on San Jose Water's request at these public forums, as public comments will help the CPUC reach an informed decision. The Administrative Law Judge is scheduled to write a Proposed Decision in the case for CPUC Commissioner consideration within a year.

While a quorum of Commissioners and/or their staff may attend these remote access public forums, no official action will be taken on this matter.

If specialized accommodations are needed to attend, such as non-English or sign language interpreters, please contact the CPUC's Public Advisor's Office at public.advisor@cpuc.ca.gov or toll free at 866-849-8390 at least five business days in advance of the public forum.
