## **CPUC TO HOLD WORKSHOPS ON UTILITY SAFETY**

SAN FRANCISCO, November 1, 2021 - The California Public Utilities Commission (CPUC), in ongoing efforts to hold utilities accountable for safely operating their systems, is holding two virtual (remote-only) public workshops to discuss utility safety, as follows:

### **PG&E Enhanced Oversight Enforcement Process, Corrective Action Plan, and Enhanced Vegetation Management Public Workshop**

**What:** A workshop to discuss and obtain public feedback on Pacific Gas and Electric Company's (PG&E) progress on the implementation of its Corrective Action Plan and Enhanced Vegetation Management (EVM) work completed to date, as well as the work targeted for 2022. The Corrective Action Plan was ordered by the CPUC on April 15, 2021, when it put PG&E into the first step of an [Enhanced Oversight and Enforcement Process](#) based on PG&E's failure to sufficiently prioritize clearing vegetation on its highest-risk power lines as part of its wildfire mitigation work in 2020. The CPUC's Executive Director, in a [letter](#) sent today, notified PG&E that the utility will remain in step one of the Enhanced Oversight and Enforcement Process because of outstanding distribution circuits that still require enhanced vegetation management to reduce the risk of utility-ignited wildfire. This workshop, which follows a June 2021 workshop on PG&E's Corrective Action Plan, will cover the 14 elements of PG&E's Corrective Action Plan, and will consist of presentations from PG&E on the status of its EVM work and provide a preview of its planned EVM work for 2022. Time will be allocated for public comment.

**When:** Monday, November 8, 2021, 9:30 a.m. – 2 p.m.

**Where:** Remote access via webcast or phone, as follows:

- Live video broadcast with English or Spanish captions via webcast:

### **Electric Utility Safety Update Public Briefing**

**What:** The CPUC and the Office of Energy Infrastructure Safety (Energy Safety), in a joint commitment to safety and transparency, will hold a public briefing to hear from Bear Valley Electric Service (BVE) and PG&E regarding updates on electric safety related efforts, pursuant to Public Utilities Code section 8389(e)(5). Members of the Board of Directors of BVE and PG&E will present and answer questions from the CPUC and Energy Safety. Time will be allocated for public comment.

**When:** Wednesday November 10, 2021; Session 1, BVE at 10 a.m.; Session 2, PG&E at 1 p.m.

**Where:** Access the meeting virtually via webcast or phone, as follows:
