CPUC TO HOLD PUBLIC FORUM ON SAN ONOFRE DECOMMISSIONING

SAN FRANCISCO, Dec. 16, 2022 - The California Public Utilities Commission (CPUC) will hold a remote public forum to provide an opportunity to offer comment about Southern California Edison's (SCE) and San Diego Gas & Electric's (SDG&E) requests related to the San Onofre Nuclear Generating Station (SONGS), as follows:

WHEN: January 10, 2023, 5 p.m.

WHERE: Remote access via webcast or phone:

- Live video broadcast with English or Spanish captions via webcast:
www.adminmonitor.com/ca/cpuc
 - Participants who choose to participate via webcast will only have audio and video capabilities but will not be able to make verbal comments. If you would like to make a comment during the meeting, the phone-in information is below.
 - For captions, after clicking on the name of the workshop, click the green button at the bottom of the video for captions. Then select captions by clicking on the white icon next to the word "live" at the bottom of the video.
 - The forums will also be recorded and archived for future viewing.
- English Phone: 800-857-1917, passcode: 1767567#
 - Participants will have audio in English and will be able to make comments. (To make a comment, after entering the passcode, when prompted press *1, unmute your phone, and record your name.)

- Wait times depend on the number of speakers in the public comment queue. During times of high call volumes, wait times will be longer. The operator will call on you when it is your turn to speak.

You can also make your voice heard in this proceeding, and read the comments of others, on our online Docket Card comment section for the proceeding at apps.cpuc.ca.gov/c/A2202016.

The public forum (also formally known as a Public Participation Hearing) will not have in-person attendance. Members of the public can view the public forum via the Internet or listen. Those who would like to make public comment must participate by telephone and make comment through the toll-free phone line.

WHAT: The public forum will begin with a brief overview by SCE and SDG&E explaining its updated nuclear decommissioning cost activities for the Palo Verde and SONGS nuclear power plants. Public comments will be taken live by phone. At least one representative from SCE and SDG&E will be present throughout the forum to answer questions.

BACKGROUND: On February 28, 2022, SCE and SDG&E submitted an application for their Nuclear Decommissioning Cost Triennial review to the CPUC requesting approval for cost recovery related to Palo Verde and SONGS nuclear power plants that were completed during January 1, 2018, through December 31, 2020, and for undistributed decommissioning expenditures incurred during the same period. SDG&E owns a minority share of SONGS.

The CPUC welcomes attendance and comments on SCE and SDG&E's request at the public forum, as public comments help the CPUC reach an informed decision. The Administrative Law Judge assigned to the proceeding is scheduled to issue a Proposed Decision in the case for consideration by the CPUC within a year.

While a quorum of Commissioners and/or their staff may attend the remote public forum, no official action will be taken on this matter.

If special accommodations are needed to attend, such as non-English or sign language interpreters, please contact the CPUC's Public Advisor's Office at public.advisor@cpuc.ca.gov or toll-free at 866-849-8390 at least three business days in advance of the public forum.
