Decision 24-09-053 September 27, 2024

**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA**

Issac Adams and Anne Bartoletti,

Complainants,

vs.

Pacific Gas and Electric Company (U39E),

Defendant.

(ECP)  
Case 23-11-007

**ORDER OF DISMISSAL**

Upon request by the Complainants Issac Adams and Anne Bartoletti, Complaint 23-11-007 is dismissed with prejudice under Public Utilities Code § 308 and Rule 4.5, effective today. The Complainant stated in an e-mail on September 6, 2024, that the parties had reached a resolution of all disputed issues and requested that the Complaint be dismissed. The original complaint asked that the Commission direct Pacific Gas and Electric Company (PG&E) to approve an electrical service upgrade that had been completed at the Complainant's property. The Complainant states that a confidential settlement has been reached with PG&E, such that their electrical connection has been upgraded and a variance has been granted. The Complaint is therefore dismissed with prejudice.

Case 23-11-007 is closed.

Dated September 27, 2024, at San Francisco, California.
