Appendix A
Service Elements of California LifeLine

The California LifeLine Program's (California LifeLine) service elements reflect the changes in the communications marketplace. The updated service elements are designed to allow the California LifeLine service to be provisioned on different technologies. The service elements set forth in Appendix A-1 for wireline and Appendix A-2 for wireless are a minimum set of service elements that must be offered on a non-discriminatory basis by any Service Provider providing California LifeLine telephone service within California. A California LifeLine Service Provider is not prohibited from providing additional elements as part of its California LifeLine Service offering.

All plans, including bundled service, promotional service, and family plans, that meet or exceed the minimum service elements and are consistent with California LifeLine rules shall be eligible for the California LifeLine discounts. The California LifeLine Provider must apply the applicable support to the plan chosen by the California LifeLine Subscriber to the extent the plans meet or exceed the minimum service elements. Additionally, the California LifeLine Service elements do not alter any of the responsibilities adopted for Carriers of Last Resort (COLR) in Decision 12-12-038, including the requirement that telephone service must work inside the Residence.

General Order 153
Appendix C

Specific Support Amounts Available for California LifeLine Service Providers

Pursuant to GO 153, Section 9.2.1, California LifeLine Service Providers may recover the Specific Support Amount (SSA) and other amounts expressly approved by the Commission as set forth below in this Appendix.

Part A; LifeLine Customers That Qualify Under Federal Eligibility Criteria

1. Wireline California LifeLine Service Providers offering the Service Elements of California LifeLine Wireline as set forth in Appendix A-1 on a stand-alone basis or with a broadband service that does not meet federal Lifeline minimum standards may recover up to the maximum SSA.

Effective December 1, 2021, a wireline California LifeLine Service Provider may recover from the California Lifeline Fund: (i) \$2.00 per month if federal Lifeline support remains \$5.25 (or is reduced by less than \$2.00) for service plans that do not meet federal Lifeline broadband standards, (ii) \$5.25 if federal Lifeline support is eliminated for service plans that do not meet federal Lifeline broadband standards, or (iii) if federal Lifeline support is reduced by more than \$2.00 for service plans that do not meet federal Lifeline broadband standards, the difference between \$5.25 and the amount of federal Lifeline support.

2. Wireline California LifeLine Service Providers offering the Service Elements of California LifeLine Wireline as set forth in Appendix A-1 with a broadband service that meets federal Lifeline minimum standards may recover up to the maximum SSA.

3. Wireless LifeLine Providers offering Plans, as set forth in Appendix A-2 (and which thereby meet federal Lifeline minimum standards), may recover the corresponding SSA:

Plan	California SSA
Basic Plan*	\$12.85
Standard Plan*	\$19
Family Plan (Line 1)**	\$19

** Basic Plans and Standard Plans that require co-payments or prepayments are subject to Tier 2 advice letter review for affordability and compliance with California LifeLine rules.*

*** Family Plan additional lines do not receive a California LifeLine subsidy. Family Plan Line 1 terms and conditions are subject to Tier 2 advice letter review. A Family Plan is an addition to the Standard Plan. If a participant fails to make Family Plan co-payments, Family Plan Line 1 reverts to the Standard Plan.*

4. Fixed VoIP LifeLine Providers offering voice service as set forth in Appendix B, whether as a stand-alone service or with broadband service, may recover the portion of the SSA necessary to reimburse the provider for discounts provided to its California LifeLine Subscribers.

Part B: LifeLine Customers That Qualify Under California Eligibility Criteria (and not Federal Eligibility Criteria)

In addition to the SSA and other amount expressly approved by the Commission set forth in Part A above, for California-Only Subscribers (as defined in GO 153, Section 5.1.5.4), California LifeLine Service Providers may collect the lost federal Lifeline support, as applicable, from the California LifeLine Fund equal to the amount that California-Only Subscribers would have received if they had met federal eligibility requirements under 47 C.F.R. Sections 54.409 and 54.410.
