## AGENDA

(Agenda ID numbers correspond to January 15, 2026, Business Meeting Agenda)

**[23865] San Diego Gas & Electric Company's Consolidated Test Year 2024 General Rate Case Track 2**

**A.22-05-015, A.22-05-016 - Related matters.**

Application of Southern California Gas Company for Authority, Among Other Things, to Update its Gas Revenue Requirement and Base Rates Effective on January 1, 2024.

**PROPOSED OUTCOME:**

- Disallows cost recovery of San Diego Gas & Electric Company (SDG&E) wildfire mitigation costs recorded in its Wildfire Mitigation Plan Memorandum Account for years 2019-2022 in the amounts of \$192.561 million in Operations & Maintenance (O&M) costs and \$242.391 million in capital expenditures.
- Approves the balance requested of \$90.566 million in O&M expenses and \$945.248 million in capital expenditures.
- Authorizes a total revenue requirement of \$720.755 million for 2019-2027 less the amount that SDG&E collected for interim rate relief of \$289.9 million in 2024-2025, resulting in a total revenue requirement authorized of \$430.855 million.
- Authorizes SDG&E to amortize the balance of the under collected revenue requirement owed through 2025 of \$191.720 million over a period of three years. This will increase the average non-CARE customer bill by \$5.09 or 2.94%.
- Authorizes SDG&E to seek recovery of the balance of the under collected revenue requirement for 2019-2022 wildfire mitigation costs owed in 2026 and 2027 of \$239.135 million through a Tier 2 Advice Letter, including a proposed amortization period and bill impacts, to be effective in the beginning of years 2026 and 2027.

**SAFETY CONSIDERATIONS:**

- The recovered costs compensate for wildfire mitigations that help provide safe and reliable electrical services.

**ESTIMATED COST:**

- Revenue requirement effective January 1, 2026, of \$430.855 million.
