

Decision 26-07-039

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Order Instituting Rulemaking
Proceeding to Consider Changes to
Licensing Status and Obligations of
Interconnected Voice over Internet
Protocol Carriers.

Rulemaking 22-08-008

ORDER CORRECTING ERRORS

The Commission has been informed of the following typographical or obvious errors in Decision (D.) 26-06-009:

1. Page 28 erroneously references D.24-011-003, instead of D.24-11-003;
2. Footnote 80 on page 45 erroneously references D.11-24-003, instead of D.24-11-003;
3. Conclusion of Law 19 erroneously states, "Staff should be allowed to defer issuing citations by 60 days for nomadic-only interconnected VoIP service providers, including those DVF providers...", when the conclusion should apply to DVN providers; and
4. Ordering Paragraph 6 erroneously includes two orders: (1) ordering all wireline telephone corporations to separately report the number of access lines, and (2) adopting an ordering paragraph superseding Ordering Paragraph 12 of D.24-11-003.

Therefore, pursuant to Resolution A-4661,

IT IS ORDERED that Decision 26-06-009 be corrected to:

1. Reference to “D.24-11-003” on page 28, instead of “D.24-011-003.”
2. Reference to “D.24-11-003” on footnote 80 on page 45, instead of “D.11-24-003.”
3. Reference “DVN” providers at Conclusion of Law 19, instead of DVF providers.
4. Divide Ordering Paragraph 6 into two separate ordering paragraphs and renumber the following ordering paragraphs as follows:

“Ordering Paragraph 6: Beginning 90 days after the issuance of this decision, all wireline telephone corporations submitting reports in the Telecommunications and User Fee Filing System must separately report the number of interconnected VoIP access lines from the number of all other wireline access lines.

Ordering Paragraph 7: This ordering paragraph supersedes Ordering Paragraph 12 of Decision 24-11-003:

‘All initial performance bonds must be submitted as a Tier 1 advice letter to the California Public Utilities Commission’s Communication Division with a copy of the license holder’s executed bond within 30 days of being granted an operating authority or registration. If there is an original hard copy of the bond issued by surety company, carriers indicate so in their Advice Letter cover letter and the hard copy document must be sent to the following:

California Public Utilities Commission
ATTN: *Communications Division - Performance Bond*
505 Van Ness Avenue, Third Floor

San Francisco, CA 94102

If the performance bond only exists in an electronic version, the service provider must state in the advice letter filing that no original hard copy was provided by the surety company and that the electronic bond is the same legal instrument as an original hard copy performance bond.'"

Ordering Paragraph 8: All outstanding motions filed in this proceeding that have not yet been ruled on are denied.

Ordering Paragraph 9: Rulemaking 22-08-008 is closed."

5. Rulemaking 22-08-008 closed.

This order is effective today.

Dated July 15, 2026, at San Francisco, California.
