

DRAFT

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

ADMINISTRATIVE SERVICES DIVISION

**Agenda ID#24570
RESOLUTION M-4883
December 17, 2026**

R E S O L U T I O N

Resolution M-4883. Adopts Public Utilities Commission Transportation Reimbursement Account User Fees, effective January 1, 2027.

SUMMARY

This resolution adopts Public Utilities Commission Transportation Reimbursement Account (PUCTRA), Fund 0461, user fees as follows:

<u>CLASS</u>	<u>FEE</u>
Passenger Vehicle Operators:	
Charter-Party Carriers, including Transportation Network Companies, and Passenger Stage Corporations	0.001 (0.1 percent) of gross intrastate revenue plus minimum \$10 quarterly fee or \$25 annual fee
Vessel Operators:	
Common Carrier Vessel Operator	0.001 (0.1 percent) of gross intrastate revenue plus minimum \$10 quarterly fee or \$25 annual fee
Railroad Corporations:	
Class I:	
Burlington Northern Santa Fe	\$ 3,778,833.40
Union Pacific	\$ 9,254,126.60
Class II and III (shortline)	\$ 543,040.00 or 0.0047 (0.47 percent) of gross intrastate revenue, minimum of \$500 each
Pipeline Corporations	0.0009 (0.09 percent) of gross intrastate revenue

BACKGROUND

The California Public Utilities Commission (CPUC or Commission) is authorized by the California Public Utilities Code to annually assess user fees for transportation carriers, railroad corporations, and pipeline corporations. Public Utilities Code § 421 states in part:

- (a) The commission shall annually determine a fee to be paid by every passenger stage corporation, charter-party carrier of passengers, pipeline corporation, for-hire vessel operator, common carrier vessel operator, railroad corporation, and commercial air operator, and every other common carrier and related business subject to the jurisdiction of the commission, except as otherwise provided in Article 3 (commencing with Section 431) of this chapter and Chapter 6 (commencing with Section 5001) of Division 2.
- (b) The annual fee shall be established to produce a total amount equal to the amount established in the authorized commission budget for the same year, including adjustments appropriated by the Legislature and an appropriate reserve, to regulate common carriers and related businesses, less the amount to be paid from special accounts or funds pursuant to Section 403, reimbursements, federal funds, other revenues, and unencumbered funds from the preceding year.
- (c) Notwithstanding any other provision of law, the fees paid by railroad corporations shall be used for state-funded railroad investigation and enforcement activities of the commission, other than the rail safety activities funded by the Transportation Planning and Development Account pursuant to Section 99315. The railroad fees shall be set annually at a level that generates not less than the amount sufficient to fund activities pursuant to Sections 765.5, 916.2, and 7712.

The Commission annually analyzes the amount of PUCTRA fees sufficient to support the Commission's regulatory activities for the carrier class from which the fee is collected and to establish an appropriate reserve.¹ The Commission's PUCTRA appropriation for its regulatory activities is subject to approval by the California Department of Finance.²

When determining the amount of the PUCTRA fee needed, the Commission may choose between several calculation methodologies established in Public Utilities Code §§ 422

¹ Cal. Pub. Util. Code § 422(a)(2).

² Cal. Pub. Util. Code § 422(a).

and 422.1. The Commission may establish different methods for calculating fees for each class of carrier.³ For example, the Commission may use a percentage of gross intrastate revenues of the class for carriers other than railroads.⁴ The percentage-based PUCTRA fee is charged on gross intrastate revenue, defined as “all compensation for the transportation or storage of property or the transportation of persons when both the origin and destination of the transportation or the performance of the service is within this state, and shall not include compensation for the transportation of persons or property in interstate or foreign commerce or the transportation of vehicles by ferries.”⁵

In the alternative, the Commission may assess fees on a basis other than revenue, including, but not limited to, on a per vehicle basis for passenger carriers.⁶ For railroad corporations, the fees shall be allocated within each class in accordance with Section 422 subdivision (g).⁷ In addition to methodologies available under Section 422, the Commission may also establish a uniform annual fee to be paid by every charter-party carrier of passengers.⁸

DISCUSSION

Revenue and Expenditure Analysis

The Governor’s Budget structures PUCTRA’s authorized expenditures by Program and Subprogram as shown below in Table 1. Subtasks, the most granular level of detail by carrier class (passenger vehicle operators, common carrier vessel operators, pipeline corporations), are not displayed in the Governor’s Budget but tracked internally by the CPUC.

³ Cal. Pub. Util. Code § 422(b).

⁴ Cal. Pub. Util. Code § 422(c)(1).

⁵ Cal. Pub. Util. Code § 424(b).

⁶ Cal. Pub. Util. Code § 422(c)(2).

⁷ Cal. Pub. Util. Code § 422(c)(1).

⁸ Cal. Pub. Util. Code § 422.1.

Table 1: Governor's Budget Structure, PUCTRA

Program	Subprogram	Subtask (Carrier Class) Tracked Internally
Regulation of Utilities (6690)	Transportation Licensing and Enforcement (6690046)	Passenger Vehicle Operators Common Carrier Vessel Operators Pipeline Corporations
	Freight Safety (6690055)	Railroad Corporations

In addition to the CPUC's budgeted expenditures from PUCTRA to support the Commission's regulatory activities, the fund supports statewide fund assessments.

Table 2 shows PUCTRA's 2026-27 current level of expenditure and 2026-27 Fund Assessments, distributed by Carrier Class per Table 1.

Table 2. Expenditures of PUCTRA

Carrier Class	Estimated Expenditures 2026-27² (a)	2026-27 Fund Assessments¹⁰ (b)	Total Estimated Expenditures 2026-27 (a+b)
Passenger Vehicle Operators	\$17,194,000.00	\$837,000.00	\$18,031,000.00
Vessel Operators	153,000.00	7,000.00	160,000.00
Pipeline Corporations	251,000.00	12,000.00	263,000.00
Railroad Corporations	\$14,796,000.00	\$719,000.00	\$15,515,000.00
Total	\$32,394,000	\$1,575,000	\$33,969,000

Table 3 shows comparison between 2026-27 estimated user fee revenue at current rates and 2026-27 total estimated expenditures distributed by Carrier Class per Table 1. Assuming no changes are made, the estimated user fee revenue at current rates and current fund reserve are sufficient to sustain the estimated expenditure.

² From the 2026-27 Governor's Budget; allocated by workload data by carrier class.

¹⁰ From the 2026-27 Governor's Budget 0461 – Fund Condition Statement; allocated by workload data by carrier class.

Table 3. PUCTRA User Fees and Expenditures Projected for 2026-27 (No Fee Change)

Carrier Class	Total Estimated Resources 2026-27 (a) ¹¹	Total Budgetary Expenditures 2026-27 (b)	Estimated Resources Less Budgetary Expenditures (a-b)
Passenger Vehicle Operators	\$57,734,000	\$18,031,000	\$39,703,000
Vessel Operators	837,000	160,000	677,000
Pipeline	253,000	263,000	(10,000)
Freight Rail	21,328,000	\$15,515,000	5,813,000
Total	\$ 80,152,000	\$33,969,000	\$ 46,183,000

Table 4 shows the actuals for Fiscal Year 2025-26 and the projected fund reserves for Fiscal Year 2026-27 at the proposed rates and estimated expenditures.

Table 4. PUCTRA Fund Reserve Summary (with Fee Change)

Line	Item	2025-26	2026-27
A	Beginning-of-Year Fund Reserve	\$52,220,000	\$52,935,000
B	Estimated User Fee Revenues (with rate change)		
	Passenger Carriers	11,508,000	10,768,000
	Vessel	269,000	150,000
	Pipeline	201,000	245,000
	Freight Rail	14,767,000	13,576,000
	Total	\$26,745,000	\$24,739,000
C	Other Revenues	\$5,959,000	\$1,150,000
D	Estimated Expenditures	(31,989,000)	(33,969,000)
E	Net Fund Increase/(Decrease) (B (Total) + C + D)	715,000	(8,080,000)
F	Estimated Ending Fund Reserve (A + E)	\$52,935,000	\$44,855,000

¹¹ Amounts in Column (a) represent the total of the estimated user fee revenues using user fee rates from the PUCTRA Resolution M-4878, estimated other revenues, and estimated beginning fund reserve.

Fund Reserve Analysis

CPUC's fund reserve requirement for PUCTRA requires a minimum fund reserve of 25 percent of total estimated expenditures. At the expected level of expenditures and proposed rates, Fiscal Year 2026-27 estimated fund reserve is expected to gradually reduce to the adequate levels for some utility classes.

Fee Change Analysis

The proposed fee rates are reasonable as they will continue to support the CPUC's program, maintain the appropriate fund reserve, and ensure short-term stability of the user fee.

Based on the analysis of user fee revenue, compared to total estimated expenditures, fund reserve requirements by carrier class, and accounting for the beginning fund reserve balance, it is reasonable for the CPUC proposes the below necessary rate adjustments.

Table 5. User Fee Rates Comparison, Current vs Proposed

Utility Class	Current User Fee Rates	Proposed User Fee Rates	Difference	Percent Change
Passenger Carriers	0.001	0.001	0	0 percent
Vessel	0.0025	0.001	-0.00150	-60 percent
Pipeline	0.00085	0.0009	0.00005	6 percent
Freight Rail	\$14,855,000	\$13,576,000	(\$1,279,000)	-9 percent

Passenger Vehicle Operators

Based on the analysis of projected PUCTRA revenues to program expenditures and the PUCTRA fund reserve attributable to Passenger Vehicle Operators, it is reasonable to keep the rate for Passenger Vehicle Operators at 0.001 (0.1 percent) of gross intrastate revenue plus a minimum \$10 quarterly fee or \$25 annual fee to support the Commission's regulatory activities for this class pursuant to Public Utilities Code § 421(b).

Carriers are required to report quarterly or annual gross intrastate revenues pursuant to Public Utilities Code § 423. The fee will be evaluated annually and modified as needed.

Vessel Operators

Based on the analysis of projected PUCTRA revenues to program expenditures and the PUCTRA fund reserve attributable to Vessel Operators, it is reasonable to reduce the rate for Vessel Operators to 0.001 (0.1 percent) of gross intrastate revenue plus a minimum \$10 quarterly fee or \$25 annual fee to support the Commission's regulatory activities for this class pursuant to Public Utilities Code § 421(b). Carriers are required to report quarterly or annual gross intrastate revenues pursuant to Public Utilities Code § 423. The fee will be evaluated annually and modified as needed.

Freight Rail

Unlike the other carrier classes subject to PUCTRA, freight rail user fees are set by a fixed amount for Class I railroad corporations and by rate with a minimum fee for Class II and III railroad corporations. Based on the analysis of projected PUCTRA revenues to program expenditures and the PUCTRA fund reserve attributable to freight rail, the total fee level of \$ 13,576,000.00 is set for the railroad corporations to support the Commission's regulatory activities for this class pursuant to Public Utilities Code § 421(b) and maintain a sufficient fund reserve for freight rail.

Pipeline Corporations

Based on the analysis of projected PUCTRA revenues to program expenditures for Pipeline Corporations, the Commission concludes the estimated revenues for Pipeline Corporations at current rates are not sufficient to match the current estimated expenditures or maintain the required level of fund reserve by class. Therefore, it is reasonable to increase the fee for Pipeline Corporations to 0.0009 (0.09 percent) of gross intrastate revenue to support the Commission's regulatory activities for this class pursuant to Public Utilities Code § 421(b). The fee will be evaluated annually and modified as needed.

Prime Carriers Payment of PUCTRA fees for Subcarriers

"Prime carriers" are responsible for the reporting and payment of the fees on the gross intrastate earnings of subcarriers. Prime carriers are those passenger vehicles and vessel operators who engage in the services of subcarriers. Such services of subcarriers by these prime carriers shall be evidenced by a written document. Fee statements submitted by a prime carrier shall indicate the name and gross intrastate earnings of each subcarrier in sufficient detail to enable the Commission to cross-reference earnings and determine appropriate fee amounts among the respective carriers. Similarly, a fee statement submitted by a subcarrier shall indicate its gross intrastate earnings associated with each prime carrier. The Commission establishes this payment method for the purpose of providing a more economical, simple, and efficient method of collecting and accounting for fees required to be charged and deposited into PUCTRA.

Penalties for Late Payment

The penalty imposed in Public Utilities Code § 405 for default of the payment of the fee provided for in Public Utilities Code § 421 shall remain fixed at 25 percent of the amount of the fee. Late penalties collected from common carriers and related businesses subject to Public Utilities Code § 421 are deposited in the PUCTRA fund.¹²

Calculating Revenue Subject to the PUCTRA Fee

The PUCTRA fee applies to a carrier's gross intrastate revenues¹³ for "all compensation for the transportation or storage of property or the transportation of persons when both the origin and destination of the transportation or the performance of the service is within this state...."¹⁴ The PUCTRA fee does not apply to "compensation for the transportation of persons or property in interstate or foreign commerce or the transportation of vehicles by ferries."

Per Public Utilities Code § 208, "'Transportation of persons' includes every service in connection with or incidental to the safety, comfort, or convenience of the person transported and the receipt, carriage, and delivery of such person and his baggage."¹⁵ The Public Utilities Code specifies that the fee applies to "gross" revenue and "all" compensation for transportation. Revenue is not limited to net revenues or "fares," and the Public Utilities Code defines "transportation of persons" broadly to include the collection and payment of charges incidental to the delivery of transported persons. As such, fees such as bridge tolls, wharfage fees, and similar infrastructure use charges collected from passengers necessary to complete transportation from point A to point B should not be excluded from gross revenue for the purpose of calculating the PUCTRA fee except where the Commission approves excluding such fees from a carrier's tariff.¹⁶ Gross revenue also includes Access for All fees, authorized by Chapter 701, Statutes of 2018 (Senate Bill 1376), to support transportation access for wheelchair users.

The purpose of this rule is to ensure revenues and PUCTRA fees are calculated in a consistent way among competing carriers which is in the public interest.

¹² Cal. Pub. Util. Code § 408.

¹³ Cal. Pub. Util. Code § 422.

¹⁴ Cal. Pub. Util. Code § 424(b).

¹⁵ Cal. Pub. Util. Code § 208.

¹⁶ See *In Re H. Tourist, Inc.*, 4 CPUC 2d 424 (Oct. 22, 1980).

COMMENTS

Public Utilities Code § 311(g)(1) provides that this resolution must be served on all parties and subject to at least 30 days public review and comment prior to a vote of the Commission.

This draft resolution was emailed or mailed to parties (Attachment A – 0461 Contact List) for comments on 10/08/2026 and will be placed on the Commission's agenda no earlier than 30 days from today. Comments are due on 11/08/2026.

FINDINGS AND CONCLUSIONS:

1. Public Utilities Code Section 421 requires the Commission to annually determine user fees for transportation carriers, railroad corporations, pipeline corporations, and other related businesses within the Commission's jurisdiction.
2. The PUCTRA fee must be sufficient to support the Commission's regulatory activities, to establish an appropriate reserve, and to support statewide fund assessments. The CPUC has established a fund reserve requirement of a minimum of 25 percent of total expenditure for PUCTRA.
3. Per Public Utilities Code Sections 422 and 422.1, the Commission may establish different methods of assessing fees for each class of carrier, and each class of carrier shall pay fees sufficient to support the Commission's regulatory activities for the class.
4. In its analysis and application of the Public Utilities Code, the Commission has determined that fees collected from passengers in the course of transportation and necessary to complete point A to point B transportation are part of carriers' gross revenue subject to PUCTRA, as defined in Public Utilities Code Section 424. Some tariffed vessel carriers are exempt if the Commission approves excluding such fees from the carrier's tariff.
5. The Commission's fiscal year 2026-27 PUCTRA projected expenditures and revenues were analyzed and calculated by Commission staff as shown in Tables 1-5 and Appendix A.
6. As calculated in Table 3, at the current rates, the Commission's estimated total resources, including beginning reserves and additional revenues, are sufficient to meet the estimated expenditure for the Commission's regulatory activities and maintain adequate reserves. However, when distributed by carrier class, some carrier classes do not meet the 25 percent fund reserve requirement in the current Fiscal Year.
7. As calculated in Table 4, the estimated total resources, including beginning fund reserves, other revenues, and PUCTRA user fee revenue at the proposed rates, are sufficient to meet the estimated expenditure for the Commission's regulatory activities. The proposed rates will gradually reduce the overall fund reserve

balance and adjust individual carrier class reserves to align with the 25 percent fund reserve requirement.

8. Based on the 2026-27 Fiscal Year analysis of projected PUCTRA revenues to program expenditures and the PUCTRA fund reserve attributable to Passenger Vehicle Operators, it is reasonable to maintain the fee rate for Passenger Vehicle Operators at 0.001 (0.1 percent) of gross intrastate revenue plus a minimum \$10 quarterly fee or \$25 annual fee to support the Commission's regulatory activities for this class.
9. Based on the 2026-27 Fiscal Year analysis of projected PUCTRA revenues to program expenditures and the PUCTRA fund reserve attributable to Vessel Operators, it is reasonable to reduce the fee rate for Vessel Operators to 0.001 (0.1 percent) of gross intrastate revenue plus a minimum \$10 quarterly fee or \$25 annual fee to support the Commission's regulatory activities for this class.
10. Based on the 2026-27 Fiscal Year analysis of projected PUCTRA revenues to program expenditures for Pipeline Corporations, the estimated revenues for Pipeline Corporations at current rates are not sufficient to match the current estimated expenditures or maintain the required level of fund reserve by class. It is reasonable to increase the fee rate for Pipeline Corporations to 0.0009 (0.09 percent) of gross intrastate revenue to support the Commission's regulatory activities for this class. The Commission will assess expenditure allocation to the Pipeline Corporations and make the necessary adjustments in future resolutions as appropriate.
11. Based on the 2026-27 Fiscal Year analysis of projected PUCTRA revenues to program expenditures and the PUCTRA fund reserve attributable to freight rail, the total fee level of \$13,576,000 is set for the railroad corporations to support the Commission's regulatory activities for this class.

THEREFORE, IT IS ORDERED THAT:

1. Effective January 1, 2027, the current Public Utilities Commission Transportation Reimbursement Account user fees provided for in Public Utilities Code Section 421 shall be set as follows:

<u>CLASS</u>	<u>FEE</u>
Passenger Vehicle Operators:	
Charter-Party Carriers, including Transportation Network Companies, and Passenger Stage Corporations	0.001 (0.1 percent) of gross intrastate revenue plus minimum \$10 quarterly fee or \$25 annual fee
Vessel Operators:	
Common Carrier Vessel Operator	0.001 (0.1 percent) of gross intrastate revenue plus minimum \$10 quarterly fee or \$25 annual fee
Railroad Corporations:	
Class I:	
Burlington Northern Santa Fe	\$ 3,778,833.40
Union Pacific	\$ 9,254,126.60
Class II and III (shortline)	\$ 543,040.00 or 0.0047 (0.47 percent) of gross intrastate revenue, minimum of \$500 each
Pipeline Corporations	0.0009 (0.09 percent) of gross intrastate revenue

2. Carriers shall report quarterly or annual gross intrastate revenues consistent with this Resolution and Public Utilities Code Sections 423 and 424.
3. Prime carriers shall report and pay the fees on the gross intrastate earnings of subcarriers.
4. The penalty imposed for late payment of the PUCTRA fee shall be 25 percent.
5. Today's adopted fee structure will be evaluated annually and modified as needed based on fund condition status.

This Resolution is effective today.

The foregoing resolution was duly introduced, passed and adopted at a conference of the Public Utilities Commission of the State of California held on 12/17/2026; the following Commissioners voting favorably thereon:

Leuwam Tesfai
Executive Director

JOHN R.D. REYNOLDS
President
MATTHEW BAKER
KAREN DOUGLAS
DARCIE HOUCK
CHRISINE HARADA
Commissioners

Dated 12/17/2026, at TBD, San Francisco, California.

APPENDIX A**0461 Public Utilities Commission Transportation Reimbursement Account
Fund Condition Statement - Projected**

	FY 2025-26	FY 2026-27
BEGINNING BALANCE	\$52,096,000	\$52,935,000
Prior Year Adjustments	124,000	-
Adjusted Beginning Balance	\$52,220,000	\$52,935,000
REVENUES, TRANSFERS, AND OTHER ADJUSTMENTS		
Revenues:		
4126600 - Public Utilities Commission - Quarterly Fees	\$26,745,000	\$24,739,000
4126800 - Public Utilities Commission – Penalties on Quarterly Fees	-	0
4129400 - Other Regulatory Licenses and Permits	3,692,000	650,000
4127400 - Renewal Fees	-	0
4163000 - Investment Income - Surplus Money Investments	2,267,000	500,000
4171400 Escheat – Unclaimed Checks, Warrants, Bonds and Coupons	0	0
Operating Transfers from Coronavirus Relief Fund 8505 per EO E 20/21-251 CS 11.90	0	0
Operating Transfers from Fund 0461 to Fund 0001 General Fund per EO E 21/22-276	0	0
Total Revenues, Transfers, and Other Adjustments	\$32,704,000	\$25,889,000
Total Resources	\$84,924,000	\$78,824,000
EXPENDITURES AND EXPENDITURE ADJUSTMENTS		
Expenditures:		
Public Utilities Commission State Operations	30,236,000	32,394,000
Supplemental Pension Payments	-	-
Statewide General Admin Expense (Pro Rata)	1,753,000	1,575,000
Total Expenditures and Expenditure Adjustments	\$31,989,000	\$33,969,000
FUND BALANCE	\$52,935,000	\$44,855,000

1. Projected Fund Condition Statement is based on estimated used fees revenue based on projected rates.

2. The projected Fund Condition Statement may not match the 2026-27 Governor's Budget as the updated revenue projections may not be reflected in the 2026-27 Governor's Budget.
