

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

RESOLUTION TED-332

Rail Safety Division

RESOLUTION

**GRANTING EXTENSION OF TIME FOR CONSTRUCTION OF MULTIPLE GRADE-
SEPARATED PEDESTRIAN-RAIL CROSSINGS IN THE CITY OF DEL MAR, SAN
DIEGO COUNTY**

By a letter dated September 1, 2026, received by us on September 9, 2026, the San Diego Association of Government (SANDAG) requested an additional extension of time to comply with the provisions of California Public Utilities Commission (Commission/CPUC) Decision (D.)21-10-004.

D.21-10-004, effective October 8, 2021, authorized SANDAG to construct multiple new grade-separated railroad crossings over the North County Transit District (NCTD) Coaster Line track at mile posts 242.95, 243.05, 243.13, and 243.25 to be identified as CPUC Crossing Nos. 106-242.95-BD, 106-243.05-BD, 106-243.13-BD, and 106-243.25-BD and DOT Nos. 973272F, 973274M, 973275U, and 973276B, respectively, in the City of Del Mar, San Diego County. The expiration date set forth in D.21-10-004 is October 8, 2024. SANDAG requested an extension of time on September 11, 2024, which was granted under Commission Resolution TED-309 and extended the expiration date for D.21-10-004 to October 8, 2026.

SANDAG is requesting a time extension to complete construction. The work scope remains the same as per D.21-10-004.

The Rail Safety Division (RSD) finds that there has been no substantial change in circumstances since granting of the original authority and SANDAG's request has merit. RSD recommends the issuance of this resolution. The City of Del Mar and NCTD concurred with granting this extension.

IT IS RESOLVED that SANDAG is granted a two-year extension of time from October 8, 2026, to October 8, 2028, to exercise the authority granted in D.21-10-004. In all other respects, D.21-10-004 shall remain in full force and effect.

This resolution is issued pursuant to Resolution Number ET-1367 and memorandum by the Executive Director dated April 6, 1988, and is effective today, October 12, 2026.

Matthew Ames, P.E.
Director, Rail Safety Division
