Decision 26-11-008 November 13, 2026

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Order Instituting Rulemaking on Customer-Generated Renewables for Priority Communities.	Rulemaking 25-01-005

ORDER CORRECTING ERROR IN DECISION 26-10-009

The Commission has been informed of errors in Decision 26-10-009 approving modifications to the Disadvantaged Communities — Single-Family Solar Homes (DAC-SASH) program. The errors are as follows:

- Ordering Paragraphs 10 and 17 erroneously refer to Ordering Paragraph 13 as requiring the approval of the Program Administrator's (PA) Tier 2 advice letter documenting its plan for reporting on external funds used by the PA for the DAC-SASH program. The correct reference in Ordering Paragraphs 10 and 17 should be to Ordering Paragraph 8, which orders the PA to file a Tier 2 advice letter documenting its plan for reporting on external funds used by the PA for the DAC-SASH program.
- Page 23 and Conclusion of Law 10 erroneously state that the DAC-SASH PA, GRID Alternatives (GRID), should submit a Tier 2 advice letter detailing how the funds allocated by the decision for financial tracking were used in support of the decision's directives. Ordering Paragraph 9 correctly orders the PA to "document the

> actual usage and implementation of these additional funds in its Quarter 1-Quarter 2 2027 Semi-annual Progress Report." Accordingly, Page 23 and Conclusion of Law 10 should state that GRID should detail in its Quarter 1-Quarter 2 2027 Semi-annual Progress Report how the funds allocated by the decision for financial tracking were used in support of the decision's directives.

IT IS ORDERED that:

1. Ordering Paragraphs 10 and 17 of Decision 26-10-009 are corrected to replace the references to Ordering Paragraph 13 with references to Ordering Paragraph 8 requiring the Program Administrator (PA) to file a Tier 2 advice letter documenting its plan for reporting on external funds used by the PA for the Disadvantaged Communities — Single-Family Solar Homes program.

2. Page 23 of Decision 26-10-009 is corrected to delete the language in strikethrough and add the underlined language, as follows:

> ~~At the six-month point after the issuance of this decision, GRID should submit a Tier 2 advice letter detailing exactly how the funds allocated by this decision for this financial tracking were used in support of these directives.~~<u>GRID should document in its Quarter 1-Quarter 2 2027 Semi-annual Progress Report how funds allocated by this decision for this financial tracking were used in support of these directives.</u>

3. Conclusion of Law 10 is corrected to read:

> The PA should implement the tracking, accounting, and reporting of all external funds used to support DAC-SASH program activities at the project level. GRID should document in its Quarter 1-Quarter 2 2027 Semi-annual Progress Report how funds allocated by this decision for this financial tracking were used in support of these directives.

4. Citations to Decision 26-10-009 shall state that it is modified by this decision.

This order is effective today.

Dated November 13, 2026, at San Francisco, California.
