Energy Division RA Data Request Template (2024)

INSTRUCTIONS	
Please enter the fields exactly as directed below and direct any questions to RAFiling@cpuc.ca.gov . Do not write notes in this workbook. If there are no data to report, refer to the accompanying transmittal letter. <u>Paste data as values only!</u>	
Enter the primary contact name(s) and email address(es) to direct any follow-up and/or requests to:	
Primary Contact Name:	
Primary Contact Email:	
Data Field	Data Field Description
Reporting LSE's Contract ID	Insert the LSE's unique contract identifier
Month (MM)	1) From the drop-down, select the delivery month for which the price quoted is applicable; 2) Please insert an additional row for each month regardless of whether capacity price or capacity MW amount changes between months - (MM)
Year (YYYY)	From the drop-down, select the year of delivery - (YYYY)
CAISO Resource ID	1) From the drop-down, select the CAISO Resource ID; 2) Select "Unspecified" if your contract does not have a specified resource and select "Not Operational" if the resource you contracted with is not yet on the NQC list. 3) If the contract is unspecified and scheduling coordinator has given the LSE a resource ID, list "Unspecified" in the template. Do not provide the resource ID. 4) If the contract is an import, include the intertie ID if known. 5) If the resource is not listed, its resource ID may be entered manually.
Resource Name	This field will automatically populate the name of the resource if you select a CAISO Resource ID
Buyer	1) Select From the drop-down the contract buyer identified on the RA confirmation. 2) If the buyer is not listed, the buyer's name may be manually entered.
Seller	1) Select From the drop-down the contract seller identified on the RA confirmation. 2) If the seller is not listed, the buyer name may be manually entered.
System Capacity Under Contract (MW)	1) Provide the amount of system MW(s) under contract for the associated month and year of the contract. 2) This amount cannot be zero or negative. 3) Do not include replacement transactions in this data request.
Flexible Capacity Under Contract (MW)	1) Provide the amount of flexible MW(s) under contract for the associated month and year of the contract. 2) System capacity must be equal to or greater than flexible capacity (except for storage), as system and flexible capacity are a bundled product.
Price (\$/kW-month)	Provide the price in \$/kW-month format for each month and year of a contract <i>even if the price is the same for all months of the year.</i> (For example, if a contract covers a 3 year period, you will input 36 lines for the contract)
Contract Execution Date (MM/DD/YYYY)	Provide the date the contract was executed - MM/DD/YYYY
Type of Generation	1) Select from the drop-down whether the resource is new, existing, or imported generation. 2) This field must be populated if the CAISO Resource ID is "Unspecified" or "Not Operational". 3) A repower will be considered new generation for this application.
Local Area	1) This field will automatically populate if you select a CAISO Resource ID on the NQC list; 2) For "Unspecified" or "Not Operational Yet" as the CAISO Resource ID, provide the expected Local Area; 3) Provide as "CAISO System" if the contract is for a local CAISO Resource ID transacted for a system RA product. 4) This field must be populated if the CAISO Resource ID is "Unspecified" or "Not Operational".
Zone	1) This field will automatically populate if you select a CAISO Resource ID on the NQC list. 2) For "Unspecified" or "Not Operational Yet" as the CAISO Resource ID, provide the expected Zone; 3) This field must be populated if the CAISO Resource ID is "Unspecified" or "Not Operational".
RA Adder	Field is formula based for Commission purposes only. Do not enter any information in this field.
Manual Entry	Field is formula based for Commission purposes only. Do not enter any information in this field.
