QUESTION 004

Referring to PG&E’ s rebuttal testimony, page 3-4, lines 19-26: Does PG&E agree that Retained RA, as reflected in the PCIA calculation, is equivalent to bundled customers purchasing RA from the PCIA portfolio? If not, please explain.

ANSWER 004

Yes. PG&E further clarifies that RA retained from the PCIA portfolio is RA being purchased from the PCIA RA supply pool at the RA MPB such that the net total amount of RA retained from the PCIA RA supply pool combined with other bundled RA supply (e.g. bundled allocation of CAM RA supply) totals PG&E’s bundled system RA requirements.
