

1 THE OFFICIAL MASTER EXHIBIT INDEX

2 (Graves Evidentiary Series #23–38)

- 3 • EXHIBIT GRAVES-23: Certified letter from the State Water Resources Control Board
4 (SWRCB) to the California Public Utilities Commission (CPUC) dated July 16, 2026,
5 issuing unauthorized ex-parte comments regarding active Case C.25-05-021.
6
- 7 • EXHIBIT GRAVES-24: Coordinated written directive from former Cal Water consultant
8 Mr. Graham to industry stakeholders and Mr. Chang of the USC Foundation on Cross-
9 Connection Control, organizing an outside letter-writing campaign to subvert the ALJ's
10 primary decision.
- 11 • EXHIBIT GRAVES-25: Combined electronic mail logging packet dated March 12, 2025:
12 Including Complainant's 11:12 AM management escalation to Cal Water's CEO Martin
13 Kropelnicki and the Chief Engineer, Complainant's formal supervisor request routed to
14 infostk@calwater.com, and the corresponding 11:30 AM weaponized transmission
15 dispatched by Water Quality Program Manager Edjan to the DDW under tracking file
16 CWS-STK.
- 17 • EXHIBIT GRAVES-26: Chronological electronic mail records from Regional Public
18 Affairs Program Manager Shannon McGovern dated March 13 and March 25, 2025,
19 coordinating a private cross-connection campus briefing with the Stockton Mayor's office
20 and City Council members.
- 21 • EXHIBIT GRAVES-27: Electronic mail transaction dated April 22, 2025, from Edjan to
22 SWRCB DDW engineer Mr. Khademi, documenting back-channel utility pressure to
23 coerce an administrative workaround against Complainant's plumbing layout. Email
24 specifically stating "We would need to get the customer's fire sprinkler plans and confirm
25
26
27
28

1 that the fire sprinkler system satisfies the criteria in section 3.2.2(e)(3) of the CCCPH. If it
2 does, then a backflow assembly would not be required”.

- 3 • EXHIBIT GRAVES-28: Comprehensive municipal advocacy timeline packet (March 6 –
4 April 25, 2025): Including Complainant's initial constituent request to the Stockton
5 Mayor's office, the March 14 email from Mayor's staff introducing Conner Everts as an
6 independent grant advisor, and contemporaneous mobile text messages from Everts
7 documenting his failure to inspect the subject property on March 26 and his subsequent
8 abandonment of the consultation following Complainant's rejection of the grant.
9
- 10 • EXHIBIT GRAVES-29: Historical and Regulatory Comparison Packet: Including the
11 1990-era Cal Water Tariff Rule 16 (concluding at subsection h) paired with CPUC
12 Resolution W-3477; the September 21, 2021, expanded Tariff Rule 16 text (documenting
13 subsections i through l); and the official April 2026 SWRCB CCCPH update sheets
14 demonstrating the complete erasure of Item #9 from Appendix D.
15
- 16 • EXHIBIT GRAVES-30: Telephone call records dated April 18 with Director of Water
17 Quality Ms. James regarding a mutual 4-way technical review call, paired with
18 Complainant's April 19 contemporaneous email dispatched to Backflow Department
19 Manager Mr. Farriott documenting the decision to speak with Mr. Bennett alone, and
20 complainant isolated cut-out of the conversation as promised.
21
- 22 • EXHIBIT GRAVES-31: Certified City of Stockton Accela portal printout and physical
23 site photograph detailing a secondary shared-meter detached unit property where Cal
24 Water failed to enforce the backflow assembly requirement on a high-risk shared domestic
25 line.
26
27
28

- 1 • EXHIBIT GRAVES-32: Certified County Building Department printout and physical site
2 photograph detailing a shared-meter detached unit property where Cal Water failed to
3 enforce the backflow assembly requirement on a high-risk shared domestic line.
- 4 • EXHIBIT GRAVES-33: Certified County Building Department printout and physical site
5 photograph detailing a shared-meter detached unit property where Cal Water failed to
6 enforce the backflow assembly requirement on a high-risk shared domestic line
- 7 • EXHIBIT GRAVES-34: Certified City of Stockton Accela portal printout and physical
8 site photograph detailing a single-parcel dual-metered duplex where Cal Water completely
9 failed to enforce the backflow assembly requirement on a multi-metered property under
10 common ownership
- 11 • EXHIBIT GRAVES-35: Certified City of Stockton Accela portal printout and physical
12 site photograph detailing a single-parcel dual-metered duplex where Cal Water completely
13 failed to enforce the backflow assembly requirement on a multi-metered property under
14 common ownership.
- 15 • EXHIBIT GRAVES-36: Certified City of Stockton Accela portal printout and physical
16 site photograph detailing a single-parcel dual-metered duplex where Cal Water completely
17 failed to enforce the backflow assembly requirement on a multi-metered property under
18 common ownership.
- 19 • EXHIBIT GRAVES-37: Written communication from a regional licensed contractor
20 documenting a structural decision to bypass independent metering configurations
21 explicitly to avoid Cal Water's arbitrary connection charges, fully approved by the utility
22 without an RPZ assembly.
- 23 • Exhibit Graves-38 Complainants Brief for Evidentiary Hearing October 29.
