CPUC SED Data Request 1.5

Energy Safety found that PacifiCorp performed expanded clearing for 2,164 poles in Local Responsibility Areas (LRA) instead of a 2020 WMP initiative 5.3.5.21 – Expanded Pole Clearing target of 2,768 poles in LRA.

(a) State the budget amount allocated in the 2020 WMP for expanded clearing of the 604 remaining LRA poles that were included in initiative 5.3.5.21 but where expanded clearing was not completed in 2020. Provide all Documents Related to Your answer and state the page number(s) of the relevant section(s) of such Documents.

(b) State whether any fire(s) occurred in 2020 or 2021 at the location(s) of any of the 2,768 LRA poles where expanded clearing did not occur 2020, and if so identify such location(s). Provide all Documents Related to Your answer and state the page number(s) of the relevant section(s) of such Documents.

(c) State whether PacifiCorp self-reported any non-compliance with the 2020 WMP Initiative 5.3.5.21; and if so whether such reporting was voluntary or mandatory. Provide all Documents Related to Your answer and state the page number(s) of the relevant section(s) of such Documents.

Response to CPUC SED Data Request 1.5

(a) In 2020, the budget was not allocated in a manner that would allow for amount allocated information to be provided. PacifiCorp's pole clearing annual target was not based on the calendar. Instead, the 2,768 poles was a target based on a November to November pole clearing year, which represents the total Local Responsibility Areas (LRA) poles which were anticipated to be cleared during that timeframe. The data provided indicating completion of 2,164 LRA poles reflects the number of LRA poles completed within the 2020 calendar year, rather than the "pole clearing year." This was the first time implementing this initiative, -- it would be more appropriate to compare the target to the number of LRA poles completed within the pole clearing year, which is 2,790 poles. Please refer to Attachment CPUC SED 1.5 specifically file "Statistics_History_Report_-_for_Excel - 2020_LRA_Poles", column S which provides the count of 2,790 poles cleared as part of this initiative.

(b) One fire occurred within a LRA at a facility where PacifiCorp does not have record of pole clearing taking place in 2020. Details of this incident are provided in the following table:
