CPUC SED Data Request 3.4

Provide a copy of the results of the two most recent Detailed Inspections prior to September 18, 2020, that PacifiCorp conducted on Circuit 5G41. Provide all relevant documents and state the page number(s) of the relevant section(s) of such Documents.

Response to CPUC SED Data Request 3.4

PacifiCorp does not inspect distribution facility points by circuit;,rather PacifiCorp inspects by a one square mile grid known as a "section". A section is 1/36 of a mapstring or township. Both together are known as a mapstring-section. Circuit 5G41 covers five mapstrings or 48 mapstring-sections. Based on the foregoing clarification, the Company responds as follows:

The entire circuit would have been inspected on different cycles over the years. For example, portions of 5G41 could each be on a separate Detail Inspections (DETAIL), Pole, Test and Treat (PTT) or visual assurance (VA) cycle.

Please refer to Attachment CPUC SED 3.4 and specifically tab "STRUCTURES," which provides a list of all structures on circuit 5G41. Note: a "detailed" inspection can be either DETAIL or PTT. On the far right of the worksheet, there are two columns, Column P, "Detailed 1" and Column Q, "Detailed 2". "Detailed 1" will show the first detailed inspection date prior to September 18, 2020. "Detailed 2" will show the second detailed inspection date prior to September 18, 2020. Please refer to Attachment CPUC SED 3.4 and specifically tab, "CONDITIONS" which provides all conditions found on a given facility point on the exact inspection date noted in the columns "Detailed 1" or "Detailed 2" in tab, "STRUCTURES".

Despite PacifiCorp's diligent efforts, certain information protected from disclosure by the attorney-client privilege or other applicable privileges or law may have been included in its responses to these data requests. PacifiCorp did not intend to waive any applicable privileges or rights by the inadvertent disclosure of protected information, and PacifiCorp reserves its right to request the return or destruction of any privileged or protected materials that may have been inadvertently disclosed. Please inform PacifiCorp immediately if you become aware of any inadvertently disclosed information.
