CPUC (SED) Data Request 9

On June 27, 2021, PacifiCorp equipment on circuit 5G149 was involved in a fire in the city of Yreka, California, at latitude 41.7325 and longitude -122.621. In response to SED Data Request SED-01 Q5(b), PacifiCorp stated "on fire occurred within a LRA at a facility where PacifiCorp does not have a record of pole clearing taking place in 2020".

(a) Provide all records related to PacifiCorp's investigation into this fire.

(b) Provide all records related to vegetation management that took place in 2021 at the facility where the fire occurred.

Response to CPUC (SED) Data Request 9

PacifiCorp objects to this request as overly broad and unduly burdensome. PacifiCorp further objects to this data request to the extent it seeks information that is protected by the attorney-client and/or attorney work product privileges. Subject to and without waiving the foregoing objection, the Company responds as follows:

(a) See Attachment CPUC (SED) 9 for records regarding the fire in the city of Yreka, California. Further, no claims were made to PacifiCorp related to the fire.

(b) Circuit 5G149 was scheduled for vegetation patrol inspection in 2021, which was completed in February and early March 2021. The inspector inspected the entire circuit and identified necessary corrective work near certain poles on the circuit, but the inspector did not identify any corrective work necessary at latitude 41.7325 and longitude -122.621. Please see Attachment CPUC SED 9.

Despite PacifiCorp's diligent efforts, certain information protected from disclosure by the attorney-client privilege or other applicable privileges, or law may have been included in its responses to these data requests. PacifiCorp did not intend to waive any applicable privileges or rights by the inadvertent disclosure of protected information, and PacifiCorp reserves its right to request the return or destruction of any privileged or protected materials that may have been inadvertently disclosed. Please inform PacifiCorp immediately if you become aware of any inadvertently disclosed information.

Can you provide any more info about this event? was it caused by our equipment? I'm also a bit unclear which outage and therefore the location. Looks like there are two noted outages on this one?

Thanks!
