CPUC SED Data Request 1.1

State the number of fire ignitions in Tier 2 and Tier 3 High Fire Threat Districts for each year from 2017 through 2021 within PacifiCorp's California service area. Provide a table summarizing the cause of each ignition (i.e. vegetation contact, vehicle contact, other contact from object, type of equipment failure, etc.).

Response to CPUC SED Data Request 1.1

Please refer to Attachment CPUC SED 1.1 for data from 2019 through 2021. PacifiCorp was unable to locate data from 2017 and 2018. PacifiCorp tracked four ignitions in 2019, nine ignitions in 2020, and six ignitions in 2021. All ignitions were in Tier 2 except for one in 2021 that occurred in the Tier 3 High Fire Threat District (HFTD).
