Hi Brent – We’re still evaluating EV buses, especially for CA. But, in the meantime, I’m looking to find documentation for one of our buses from back in the day (VIN: 1GCEK12V92200667), a 2007 Chevrolet Collins 9-passeger vehicle. I’m specifically looking for information around the specs on this vehicle. Can you check to see if there’s anything in the Midwest system or help point me in the right direction of someone who may be able to assist? Much appreciated.
