Find Your School

Personalized support for elementary students.

Our school-age program is the perfect place for children (up to age 12) to start and end their day strong. Give them a smart start with our support and see them thrive! We keep students energized after class with **healthy snacks** and **creative play**, plus space to **work on homework** and try **STEM activities!**

Maximize your child's experience.

Ease into the day.

We set your child up for success during the school day by offering a consistent morning routine. Our schedule includes free time and group activities designed to encourage goals and inspire excellence.

Playful afternoons.

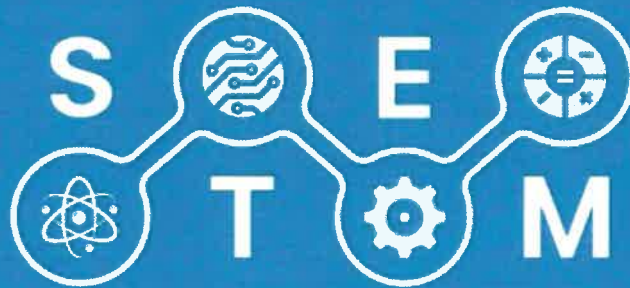

Get your wiggles out by winding down with friends! Your child will have time to explore, enjoy our outdoor space, and try hands-on activities designed to support their developing minds.

Homework support.

We provide dedicated time for each child to feel confident getting their assignments done. The school-age classroom includes a well-stocked school supplies station and access to great resources too!

Explore STEM.

Spark your curiosity and encourage natural academic growth by tapping into the fun side of Science, Technology, Engineering, and Math. We share hands-on activities to build skills and confidence!

Classroom connection.

Our SproutAbout® app keeps you in the know, no matter where your day takes you. Teachers send activity updates, classroom photos, and more. Plus, view live streaming video!

Need a ride?

Ask your school director about possible transportation from your elementary school.
