3/15/05                      R04-04-003                      Order Instituting Rulemaking to promote policy and program coordination and integration in electric utility resource planning.

**Summary:** On March 10, 2005, Jennifer Chamberlin, Market Manager, Regulatory Affairs, Strategic Energy, L.L.C., representing the Alliance for Retail Energy Markets (AREM), met with Julie Fitch, advisor to Cmmr. Peevey, in San Francisco. Also present were David Gamson, advisor to Cmmr. Brown, and Bill Chen, Director of Governmental Affairs, Constellation NewEnergy, Inc., and Sue Mara, Principal, RTO Advisors, APS Energy Services, Inc., on behalf of AREM. The AREM representatives discussed the draft decision (DD) of ALJ Wetzell modifying the Order Instituting Rulemaking to name electric service providers (ESPs) and community choice aggregators (CCAs) as respondents. AREM representatives stated that it would be filing comments recommending that the Commission reject the DD and administer resource adequacy requirements for ESPs through the existing ESP registration/licensing framework. AREM representatives stated that, in the event the Commission determines that ESPs and CCAs should be named as respondents, AREM recommends that the Commission open a separate, narrowly defined proceeding for that purpose. AREM representatives also stressed the need for protection of confidential data submitted by ESPs. AREM representatives discussed the Draft Second Interim Opinion Regarding Resource Adequacy, stating that an all-hours resource adequacy requirement is not needed. AREM also stated that it should be made clear that LSEs are not required to procure resources beyond what is needed to serve their loads plus 15 percent to 17 percent reserves.

3/15/05                      R04-04-026                      Order Instituting Rulemaking to Implement the California Renewables Portfolio Standard Program.

**Summary:** On March 10, 2005, Jennifer Chamberlin, Market Manager, Regulatory Affairs, Strategic Energy, L.L.C., representing the Alliance for Retail Energy Markets (AREM), met with Julie Fitch, advisor to Cmmr. Peevey, in San Francisco. Also present were Brian Prusnek, advisor to Cmmr. Kennedy, David Gamson, advisor to Cmmr. Brown, and Aaron Johnson, for the Commission, Bill Chen, Director of Governmental Affairs, Constellation NewEnergy, Inc., and Sue Mara, Principal, RTO Advisors, APS Energy Services, Inc., on behalf of AREM, and Sean Casey, Regulatory Manager, and Michael Hyams, Public Utilities Commission of the City and County of San Francisco (CCSF). The AREM and CCSF representatives discussed various issues relating to participation in the Renewables Portfolio Standard (RPS) by electric service providers (ESPs) and community choice aggregators. AREM representatives stated that AREM believes that ESPs are required to meet the same basic RPS targets established by Senate Bill 1078 for the utilities. The CCSF representatives stated that the Commission oversight of CCSF is unnecessary.

3/16/05                      R04-04-003                      Order Instituting Rulemaking to promote policy and program coordination and integration in electric utility resource planning.

**Summary:** On March 11, 2005, Bruce C. Foster, vice president of regulatory operations of Southern California Edison Company (SCE), met with Brian Prusnek, advisor to Cmmr. Kennedy, in San Francisco. Foster discussed the Second Interim Opinion Regarding Resource Adequacy (DD). Foster stated that the DD had not considered the considerable cost involved in requiring load serving entities to acquire and maintain capacity at a level equal to or greater than 115 percent of the peak hour in each month. SCE stated that if an 'all hours' requirement is to be adopted, it should be 115 percent to 117 percent of each hour in the month, and not the peak hour in the month. SCE reiterated its position that the DD has not justified a change from the peak resource adequacy requirement adopted in D04-10-035.

Order Instituting Rulemaking on policies and practices for advanced metering, demand response, and dynamic pricing.

**Summary:** On March 15, 2005, Karen Tomcala, Vice President of Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with Pres. Peevey in San Francisco. Also present were Julie Fitch, advisor to Pres. Peevey, and Tom Bottorff, Senior Vice President, Customer Service and Revenue, Jana Cory, Director, AMI Initiative, and Michael Wiebe, Consultant, for PG&E. Bottorff stated that PG&E's business case has been updated and is considerably stronger than the one filed last October. Bottorff also reported on the status of PG&E's Request for Proposals on AMI. Bottorff also described PG&E's request for the Commission approval to launch an initial deployment for an AMI project at a cost of \$49 million.

	I01-09-002	Order instituting investigation on the Commission's own motion to assess and revise the New Regulatory Framework for Pacific Bell and Verizon California Incorporated.

**Summary:** On March 16, 2005, Tim McCallion, President-Pacific Region, Verizon California Inc. (Verizon), met with Pres. Peevey in San Francisco. Also present were Lester Wong, advisor to Cmmr. Peevey, and Michelle Robinson, Vice President-Regulatory of Verizon. Written material (attached to the notice) was used. McCallion and Robinson explained that it is in customers' interest for the Commission to modify the scope of Verizon's next audit, consistent with NRF, Public Utilities Code Section 314.5, and related Commission precedent, to minimize ratepayer expense. Further, McCallion and Robinson discussed how the scope of the audit, as defined in D02-10-020 and expanded in ORA's RFP, is overly broad, leading to greater costs and burdens that can and should be avoided by granting Verizon's petition to modify and motion to defer.
