

Decision 02-09-006 September 5, 2002

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of CallTower, Inc. for a Certificate of Public Convenience and Necessity to Provide Facilities Based and Resale Local Exchange Services in Pacific Bell, Verizon (Formerly GTE California, Inc.), Citizens Telephone Company and Roseville Telephone Company and Interexchange Services Statewide.

Application 02-05-044
(Filed May 17, 2002)

O P I N I O N

I. Summary

CallTower, Inc. (Applicant) seeks a certificate of public convenience and necessity (CPCN) under Pub. Util. Code § 1001 for authority to provide limited facilities-based and resold local exchange and interexchange telecommunications services. By this decision, we grant the requested authority subject to the terms and conditions set forth below.

II. Background

In prior decisions, we authorized the provision of competitive interexchange services by carriers meeting specified criteria. In addition, we authorized the provision of competitive local exchange service, by carriers meeting specified criteria, within the service territories of Pacific Bell Telephone Company (Pacific), Verizon California Inc. (Verizon), Roseville Telephone Company (RTC), and Citizens Telecommunications Company of California, Inc. (CTC).

Applicant, a Delaware corporation, seeks authority to provide limited facilities-based and resold interexchange services as a nondominant interexchange carrier (NDIEC), and limited facilities-based and resold local exchange services as a competitive local carrier (CLC) throughout Pacific, Verizon, RTC and CTC's service territories.

Applicant's principal place of business is located at 3221 20th Street, San Francisco, California 94110.

III. Financial Qualifications

To be granted a CPCN, an applicant for authority to provide facilities-based and resold local exchange and/or interexchange services must demonstrate that it has a minimum of \$100,000 of cash or cash equivalent to meet the firm's start-up expenses.¹ An applicant must also demonstrate that it has sufficient additional resources to cover all deposits required by local exchange carriers (LECs) and/or interexchange carriers (IECs) in order to provide the proposed services.² Applicant represented that it will not be required to provide deposits to other telecommunications carriers in order to provide the proposed services. In addition, Applicant provided a bank statement that demonstrates that it has sufficient cash to satisfy the financial requirement.

¹ The financial requirement for CLCs is contained in D.95-12-056, Appendix C. The financial requirement for NDIECs is contained in D.91-10-041.

² The requirement for CLC applicants to demonstrate that they have additional financial resources to meet any deposits required by underlying LECs and/or IECs is set forth in D.95-12-056, Appendix C. For NDIECs, the requirement is found in D.93-05-010.

IV. Technical Qualifications

Applicants for NDIEC and CLC authority are required to make a reasonable showing of technical expertise in telecommunications or a related business. Applicant submitted biographical information on its officers that demonstrates that it possesses sufficient experience and knowledge to operate as a telecommunications provider.

Applicant represents that no one associated with or employed by Applicant as an affiliate, officer, director, partner, or owner of more than 10% of Applicant was previously associated with any telecommunications carrier that filed for bankruptcy or went out of business, or was sanctioned by the Federal Communications Commission or any state regulatory agency for failure to comply with any regulatory statute, rule, or order.

V. Tariffs

Commission staff reviewed Applicant's draft tariffs for compliance with Commission rules and regulations. The deficiencies are noted in Attachment A to this decision. In its compliance tariff filing, Applicant is directed to correct these deficiencies as a condition of our granting approval of its tariffs.

VI. California Environmental Quality Act (CEQA)

CEQA requires the Commission as the designated lead agency to assess the potential environmental impact of a project in order that adverse effects are avoided, alternatives are investigated, and environmental quality is restored or enhanced to the fullest extent possible. Applicant represents that it will not be constructing any facilities, other than equipment to be installed in existing buildings or structures, for the purpose of providing interexchange or local exchange services. Therefore, it can be seen with certainty that there is no possibility that granting this application will have an adverse effect upon the

environment. Applicant must file for additional authority, and submit to any required CEQA review, before it can construct facilities other than equipment to be installed in existing buildings or structures.

VII. Categorization and Need for Hearings

In Resolution ALJ 176-3089 dated June 6, 2002, the Commission preliminarily categorized this application as ratesetting, and preliminarily determined that hearings were not necessary. No protests have been received. There is no apparent reason why the application should not be granted. Given these developments, a public hearing is not necessary, and it is not necessary to disturb the preliminary determinations.

VIII. Comments on Draft Decision

This is an uncontested matter in which the decision grants the requested relief. Therefore, pursuant to Pub. Util. Code § 311(g)(2), the otherwise applicable 30-day period for public review and comment is being waived.

IX. Conclusion

We conclude that the application conforms to our rules for authority to provide competitive local exchange and interexchange telecommunications services. Accordingly, we shall approve the application subject to the terms and conditions set forth herein.

Findings of Fact

1. Notice of the application appeared in the Daily Calendar on May 29, 2002.
2. No protests have been filed.
3. A hearing is not required.
4. In prior decisions, the Commission authorized competition in providing interexchange services for carriers meeting specified criteria.

5. In prior decisions, the Commission authorized competition, by carriers meeting specified criteria, in providing local exchange telecommunications services within the service territories of Pacific, Verizon, RTC and CTC.

6. Applicant has a minimum of \$100,000 of cash or cash equivalent that is reasonably liquid and readily available to meet its start-up expenses.

7. Applicant will not be required to provide deposits to other telecommunications carriers in order to provide the proposed service.

8. Applicant possesses sufficient experience and knowledge to provide telecommunications services.

9. As part of its application, Applicant submitted a draft of its initial tariff that contained the deficiencies identified in Attachment A to this decision. Except for those deficiencies, its draft tariffs complied with the Commission's requirements.

10. Applicant will not be constructing facilities, other than equipment to be installed in existing buildings or structures.

Conclusions of Law

1. Applicant has the financial ability to provide the proposed service.

2. Applicant has sufficient technical expertise to operate as a telecommunications carrier.

3. Public convenience and necessity require that Applicant's competitive local exchange and interexchange services be subject to the terms and conditions set forth herein.

4. Since Applicant will not be constructing any facilities, other than equipment to be installed in existing buildings or structures, it can be seen with certainty that there will be no significant effect on the environment.

5. The application should be granted to the extent set forth below.

6. Applicant, once granted a CPCN, should be subject to the applicable Commission rules, decisions, General Orders and statutes that pertain to California public utilities.

7. Applicant's initial tariff filing should correct the deficiencies noted in its draft tariffs as indicated in Attachment A to this decision.

8. Because of the public interest in competitive local exchange services, the following order should be effective immediately.

O R D E R

IT IS ORDERED that:

1. A certificate of public convenience and necessity (CPCN) is granted to CallTower, Inc. (Applicant) to operate as a limited facilities-based and resale provider of competitive local exchange services, and interexchange services, subject to the terms and conditions set forth below.

2. Applicant is authorized to provide local exchange service in the service territories of Pacific Bell Telephone Company, Verizon California Inc., Roseville Telephone Company, and Citizens Telecommunications Company of California, Inc.

3. Applicant is authorized to file tariff schedules for the provision of competitive local exchange and interexchange services with the deficiencies noted in Attachment A corrected. Applicant may not offer services until tariffs are on file. Applicant's initial filing shall be made in accordance with General Order (GO) 96-A, excluding Sections IV, V, and VI. The tariff shall be effective not less than one day after tariff approval by the Commission's Telecommunications Division. Applicant shall comply with its tariffs.

4. The certificate granted and the authority to render service under the rates, charges, and rules authorized herein will expire if not exercised within 12 months after the effective date of this order.

5. The corporate identification number assigned to Applicant, U-6704-C, shall be included in the caption of all original filings with this Commission, and in the titles of other pleadings filed in existing cases.

6. Applicant shall comply with all applicable rules adopted in the Local Exchange Competition proceeding (Rulemaking 95-04-043/ Investigation 95-04-044), as well as all other applicable Commission rules, decisions, GOs and statutes that pertain to California public utilities, subject to the exemptions granted in this decision.

7. Applicant shall comply with the requirements applicable to competitive local exchange carriers and non-dominant interexchange carriers included in Attachment B to this decision.

8. Applicant is not authorized to construct facilities, other than equipment to be installed in existing buildings or structures.

9. This application is closed.

This order is effective today.

Dated September 5, 2002, at San Francisco, California.

“(4) Advice letter filings for new services and for all other types of tariff revisions, except changes in text not affecting rates or relocations of text in the tariff schedules, shall become effective on forty (40) days’ notice.

“(5) Advice letter filings revising the text or location of text material which do not result in an increase in any rate or charge shall become effective on not less than five (5) days’ notice to the Commission.”

“(6) Contracts shall be subject to GO 96-A rules for NDIECS, except interconnection contracts.

“(7) CLCs shall file tariffs in accordance with PU Code § 876.”

4. Applicant is a nondominant interexchange carrier (NDIEC). The effectiveness of its future NDIEC tariffs is subject to the schedules set forth in Ordering Paragraph 5 of D.90-08-032 (37 CPUC2d 130 at 158), as modified by D.91-12-013 (42 CPUC2d 220 at 231) and D.92-06-034 (44 CPUC2d 617 at 618):

“5. All NDIECs are hereby placed on notice that their California tariff filings will be processed in accordance with the following effectiveness schedule:

“a. Inclusion of FCC-approved rates for interstate services in California public utilities tariff schedules shall become effective on one (1) day’s notice.

“b. Uniform rate reductions for existing services shall become effective on five (5) days’ notice.

“c. Uniform rate increases, except for minor rate increases, for existing services shall become effective on thirty (30) days’ notice, and shall require bill inserts, a

message on the bill itself, or first class mail notice to customers of the pending increased rates.

- “d. Uniform minor rate increases, as defined in D.90-11-029, for existing services shall become effective on not less than five (5) working days’ notice. Customer notification is not required for such minor rate increases. “
- “e. Advice letter filings for new services and for all other types of tariff revisions, except changes in text not affecting rates or relocations of text in the tariff schedules, shall become effective on forty (40) days’ notice.
- “f. Advice letter filings merely revising the text or location of text material which do not cause an increase in any rate or charge shall become effective on not less than five (5) days’ notice.”

5. Applicant may deviate from the following provisions of GO 96-A:
(a) paragraph II.C.(1)(b), which requires consecutive sheet numbering and prohibits the reuse of sheet numbers; and (b) paragraph II.C.(4), which requires that “a separate sheet or series of sheets should be used for each rule.” Tariff filings incorporating these deviations shall be subject to the approval of the Commission’s Telecommunications Division. Tariff filings shall reflect all fees and surcharges to which Applicant is subject, as reflected in 2 above.

6. Applicant shall file a service area map as part of its initial tariff.

7. Prior to initiating service, Applicant shall provide the Commission’s Consumer Services Division with the name and address of its designated contact person(s) for purposes of resolving consumer complaints. This information shall be updated if the name or telephone number changes, or at least annually.

8. Applicant shall notify this Commission in writing of the date that local exchange service is first rendered to the public, no later than five days after service first begins.

ATTACHMENT B

9. Applicant shall notify this Commission in writing of the date interLATA service is first rendered to the public within five days after service begins, and again within five days after intraLATA service begins.¹

10. Applicant shall keep its books and records in accordance with the Generally Accepted Accounting Principles.

11. In the event Applicant's books and records are required for inspection by the Commission or its staff, it shall either produce such records at the Commission's offices or reimburse the Commission for the reasonable costs incurred in having Commission staff travel to its office.

12. Applicant shall file an annual report, in compliance with GO 104-A, on a calendar-year basis with the information contained in Attachment C to this decision.

13. Applicant shall ensure that its employees comply with the provisions of Public Utilities (Pub. Util.) Code § 2889.5 regarding solicitation of customers.

14. Within 60 days of the effective date of this order, Applicant shall comply with Pub. Util. Code § 708, Employee Identification Cards, and notify the Director of the Telecommunications Division in writing of its compliance.

¹ California is divided into 10 Local Access and Transport Areas (LATAs), each containing numerous local telephone exchanges. InterLATA describes services, revenues and functions relating to telecommunications originating within one LATA and terminating in another LATA. IntraLATA describes services, revenues and functions relating to telecommunications originating within a single LATA.

15. If Applicant is 90 days or more late in filing an annual report, or in remitting the surcharges and fee listed in 2 above, the Commission's Telecommunications Division shall prepare for Commission consideration a resolution that revokes Applicant's CPCN unless it has received written permission from the Telecommunications Division to file or remit late.

16. Applicant is exempt from General Order 96-A, subsections III.G(1) and (2), and Commission Rule of Practice and Procedure 18(b).

17. Applicant is exempt from Pub. Util. Code §§ 816-830.

18. Applicant is exempt from the requirements of Pub. Util. Code § 851 for the transfer or encumbrance of property whenever such transfer or encumbrance serves to secure debt.

19. Applicant shall send a copy of this decision to concerned local permitting agencies not later than 30 days from the date of this order.
