

Decision 08-09-007 September 4, 2008

**BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA**

Application of LIMAXI, LLC for authority to operate as an on-call, door-to-door, Passenger Stage Corporation between various points in the City and County of San Diego and the City and County of Los Angeles; and to establish a Zone of Rate Freedom.

Application 07-06-003  
(Filed June 1, 2007)

**D E C I S I O N**

**Summary**

This decision grants the application of LIMAXI, LLC (Applicant), a limited liability company, pursuant to Pub. Util. Code § 1031 et seq., for a certificate of public convenience and necessity to operate as a passenger stage corporation (PSC), as defined in Pub. Util. Code § 226, and to establish a zone of rate freedom (ZORF) pursuant to Pub. Util. Code § 454.2.

**Discussion**

The application, as amended by letters dated February 20 and June 18, 2008, requests authority to operate as an on-call PSC to transport passengers and their baggage between points in San Diego, Orange, Los Angeles, and Riverside Counties, on the one hand, and San Diego International Airport (SAN), on the other hand. Applicant states that expansion at SAN has increased the need for ground transportation services. Growth in passenger traffic is expected to continue in the future. Applicant advises that congestion at the airport is already

excessive and difficult to control, and parking shortages occur during peak travel periods.

Applicant indicates it possesses the experience and knowledge to operate a door-to-door, shared-ride PSC service. Its owner has 12 years' experience as a driver and owner of limousines and airport shuttles. Applicant has held a charter-party carrier permit (TCP 21653-P) from the Commission for more than a year. It will operate the service with six vans and Town Car sedans. Attached to the application as Exhibit F is Applicant's unaudited balance sheet that discloses assets of \$127,000, liabilities of \$19,000, and net worth of \$108,000.

The proposed one-way adult fares range between \$18 (SAN - Old Town San Diego) and \$225 (SAN - Borrego Springs). Applicant requests authority to establish a ZORF of \$10 above and below the proposed fares. It will compete with other PSCs, taxicabs, charter sedans and limousines, public transit, and private automobiles in its service area. This level of competition should result in Applicant pricing its services at a reasonable level. Many other PSCs have been granted ZORFs. The requested ZORF is generally consistent with the ZORFs held by other PSCs.

Notice of filing of the application appeared in the Commission's Daily Calendar on June 5, 2007. Applicant requests a waiver from the provisions of Rule 3.3(b) of the Commission's Rules of Practice and Procedure which require service of a notice of the application on all city and county officials within whose boundaries the passengers will be loaded or unloaded. Applicant served a notice of the application to the involved counties and the public transit operators in the service area. Applicant states that all parties that have an interest in Commission proceedings have access to the Commission's Daily Calendar. We shall exercise the discretion accorded to us by Rule 1.2 and grant the waiver requested by

Applicant because it will be providing on-call service, not scheduled service, and service on all cities in the service area would be burdensome.

In Resolution ALJ 176-3193 dated June 7, 2007, the Commission preliminarily categorized this application as ratesetting, and preliminarily determined that hearings were not necessary. No protest has been received. Given this status, public hearing is not necessary, and it is not necessary to alter the preliminary determinations made in Resolution ALJ 176-3193.

This is an uncontested matter in which the decision grants the relief requested. Accordingly, pursuant to Pub. Util. Code § 311(g)(2), the otherwise applicable 30-day period for public review and comment is being waived.

### **Assignment of Proceeding**

Richard Clark is the assigned Examiner in this proceeding.

### **Findings of Fact**

1. Applicant requests authority to operate as an on-call PSC to transport passengers and their baggage between points in San Diego, Los Angeles, Orange, and Riverside Counties, on the one hand, and SAN, on the other hand.
2. Public convenience and necessity requires the proposed service.
3. Applicant requests authority to establish a ZORF of \$10 above and below the proposed fares described in the application.
4. Applicant will compete with PSCs, taxicabs, charter limousines and sedans, public transit, and private automobiles in its operations. The ZORF is fair and reasonable.
5. Applicant requests a waiver of the notice requirements of Rule 3.3(b) of the Rules of Practice and Procedure as it has served a notice of the application to the involved counties and the public transit operators in the service area.
6. No protest to the application has been filed.

7. A public hearing is not necessary.
8. It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.

### **Conclusions of Law**

1. Public convenience and necessity has been demonstrated and the application should be granted.
2. The request to waive the notice requirements of Rule 3.3(b) should be granted.
3. The request for a ZORF should be granted.
4. Before Applicant changes any fares under the ZORF authorized below, Applicant should give this Commission at least ten days' notice. The tariff should show the high and low ends of the ZORF and the then currently effective fare between each pair of service points.
5. Since the matter is uncontested, the decision should be effective on the date it is signed.
