### BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Qui and Ai Chau Do,

Complainants,

VS.

San Diego Gas & Electric Company,

Defendant.

Case 01-08-040 (Filed August 29, 2001)

### SCOPING MEMO AND RULING OF ASSIGNED COMMISSIONER

### Summary

Pursuant to Rules 6(b)(3) and 6.3 of the Commission's Rules of Practice and Procedure, this ruling sets forth a procedural schedule, assigns a presiding officer and addresses the scope of the proceeding following a telephone prehearing conference (PHC) held on November 5, 2001, by Administrative Law Judge (ALJ) Sullivan.

### Background

Qui and Ai Chau Do (the Do's), complainants, and San Diego Gas and Electric Company (SDG&E), defendant, have a dispute concerning the extension of an electric power line and the installation of new electric service at 1504 Taza Road, Fallbrook, California. The Do's allege (among other things) that SDG&E

- 1 -

had failed to design the electric service that the Do's require and that SDG&E's request for additional payment is unlawful.

In response, SDG&E, alleges (among other things) that the failure to design the electric service that the Do's requirement grew from communications failures on the part of the Do's that will require additional costs to correct. SDG&E further alleges that it has done nothing wrong. In addition, SDG&E has moved to dismiss the complaint.

On October 26, 2001, ALJ Sullivan issued a Ruling soliciting information to clarify issues in the dispute. At the telephonic PHC, before Assigned Commissioner Duque and Sullivan, parties discussed the dispute and developed a plan to manage this proceeding. We discuss this plan below.

### Scope of Proceeding

Based on the pleadings to date and the representations of the parties at the PHC, the dispute is whether SDG&E has provided line extension service consistent with its tariffs, the representations of its employees, and the requests of the Do's. There are many facts in dispute concerning the exact service ordered, who said what to whom, and the time of specific communications. These facts in dispute bear upon the ultimate question of whether SDG&E acted consistent with its tariffs.

Parties should limit their testimony at the evidentiary hearings to matters involving disputed issues of fact. Testimony that presents legal or policy argument may be stricken. Parties will have an opportunity to address matters of law and policy in briefs.

#### Discovery

Discovery continues through January 30, 2002. Parties may make reasonable discovery requests and recipients should strive to comply with them,

- 2 -

both in a timely fashion. Any discovery disputes which the parties cannot resolve between themselves, after good faith efforts to meet and confer, may be brought to ALJ Sullivan, who may rule himself or refer the dispute to the Commission's Law and Motion ALJ. The Commission generally looks to the Code of Civil Procedure for guidance in resolving discovery disputes.

## **APPENDIX B**

### DIRECTIONS IN THE PREPARATION AND IDENTIFICATION OF EXHIBITS

## **EXHIBITS**

### Service of Exhibits

All prepared written testimony shall be served on all appearances and state service on the service list, as well as on the Assigned Commissioner's office and on the Assigned ALJ. Do NOT file prepared written testimony with the Commission's Docket Office. (Such testimony becomes part of the record only after it is admitted into evidence.)

### Identification of Exhibits in the Hearing Room

Each party sponsoring an exhibit shall, in the hearing room, provide **two copies to the ALJ and one to the court reporter**, and have at least 5 copies available for distribution to parties present in the hearing room. **The upper right hand corner of the exhibit cover sheet shall be blank for the ALJ's exhibit stamp.** Please note that this directive applies to cross-examination exhibits as well. If there is not sufficient room in the upper right hand corner for an exhibit stamp, please prepare a cover sheet for the cross-examination exhibit.

### Cross-examination With Exhibits

As a general rule, if a party intends to introduce an exhibit in the course of cross-examination, the party should provide a copy of the exhibit to the witness and the witness' counsel before the witness takes the stand on the day the exhibit is to be introduced. Generally, a party is not required to give the witness an advance copy of the document if it is to be used for purposes of impeachment or to obtain the witness' spontaneous reaction. An exception might exist if parties have otherwise agreed to prior disclosure, such as in the case of confidential documents.

# APPENDIX B (Continued)

### **Corrections to Exhibits**

Generally, corrections to an exhibit should be made in advance and not orally from the witness stand. Corrections should be made in a timely manner by providing new exhibit pages on which corrections appear. The original text to be deleted should be lined out with the substitute or added text shown above or inserted. Each correction page should be marked with the word "revised" and the revision date.

Exhibit corrections will receive the same number as the original exhibit plus a letter to identify the correction. Corrections of exhibits with multiple sponsors will also be identified by chapter number. For example, Exhibit 5-3-B is the second correction made to Chapter 3 of Exhibit 5.

## (END OF APPENDIX B)

### **CERTIFICATE OF SERVICE**

I certify that I have by mail this day served a true copy of the original attached Scoping Memo and Ruling of Assigned Commissioner on all parties of record in this proceeding or their attorneys of record.

Dated January 8, 2002, at San Francisco, California.
